REPORT

MEETING DATE: December 8, 2020

AGENDA ITEM: 5A

TITLE:

Discuss policy regarding repair of broken headstones located in the Fairview Cemetery.

STAFF REPRESENTATIVE:

Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:

The Fairview Cemetery Advisory Board has met and discussed the broken headstones within the cemetery on several occasions. Finance Department staff has reviewed the current ordinance with the board. The current ordinance states:

Sec.15.01.008 (c) "Cemetery care, oversight and supervision by the city does not include the purchase, erection, repair, leveling or replacement of monuments, headstones, markers or any other item on a grave site"

Mari Tipton, with the finance department has done the following research:

- Texas Historical Commission – Unless repairs are stated in the bylaws (referring to a cemetery association) they should not be made as the headstones are considered personal property of the plot owner.
- City of Taylor (oldest grave 1853) – spoke to staff at this cemetery and they state they are not repairing headstones due to the liability.
- City of Smithville – Does not coordinate or fund the repair of damaged headstones. They will prop up the broken headstones if possible.
- City of San Marcos (graves going back to 1812) – The city attempts to contact a plot owner or their descendants if possible, for repair. The headstones remain as is unless it is a danger to visitors. If that is the case, they will remove the headstone.

We have also had the discussion of the city's liability regarding these headstones and that some of them could fall over. The city attorney has been asked to respond to the city's liability as a part of this workshop.

POLICY EXPLANATION:

Changes to the policy of the Fairview Cemetery would require amendment to the ordinance by City Council.

AGENDA ITEM: 6A

TITLE:

Receive presentation on the unaudited Monthly Financial Report for the period ending September 30, 2020.

STAFF REPRESENTATIVE:

Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:

The Chief Financial Officer provides the City Council a monthly financial report overview for all funds to include detailed analysis for General Fund, Water-Wastewater Fund, Bastrop Power & Light and the HOT Tax Fund.

REVENUE

General Fund is exceeding revenue the budget by almost 8%. This is attributed to development fees, sales tax and CARES funding being substantially higher than budgeted.

The Water/Wastewater debt fund was short of budget due to less interest earned than budgeted.

The Electric fund is running slightly short of forecast due to lower rate adjustments for pass-through credits.

HOT funds revenue is short of forecast due to COVID-19 impacting the hospitality industry. The Hyatt Lost Pines closed from April to June.

The Park Land Dedication fund had an error in the revenue that needed to be adjusted regarding the amount of lease revenue that can be recognized of the payment from the County for Mayfest Park lease agreement.

EXPENDITURES

All funds are positive variance to forecasted expenditures year to date.

POLICY EXPLANATION:

This reporting requirement is set forth by the City of Bastrop Financial Management Policies, Chapter IV. Operating Budget, Section D. Reporting, as adopted by Resolution R-2019-90 on October 22, 2019.

Also, departments were asked to only purchase those items that are essential and hold off on any special project expenses. Some contracts are paid out quarterly which is why expenses are higher in Jan., Apr., July, and September. Property tax represents 31% of the total General Fund revenue budget. The actual is short the forecast by less than 1%. We have consistently had a 99% collection rate. The City received a supplemental report for Tax Year 2019 in April and it reflected a large decrease in the taxable valuation amount from the certified amounts received in July of 2019. **Due to this decrease it is not likely that we will collect the total amount budgeted.**

The Electric utility revenue is short of forecast by over 9%. There were 2 new meters set this month. There are several factors for this shortfall. LCRA applied a credit to the power bill that is now being passed through to the customers, creating a lower billed amount than previously forecasted. Also, extension fee revenue is well below forecasted amount.

AGENDA ITEM: 6B

TITLE:

Receive presentation on the unaudited Monthly Financial Report for the period ending October 31, 2020.

STAFF REPRESENTATIVE:

Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:

The Chief Financial Officer provides the City Council a monthly financial report overview for all funds to include detailed analysis for General Fund, Water-Wastewater Fund, Bastrop Power & Light and the HOT Tax Fund.

REVENUE

General Fund is exceeding revenue forecast by 37%. This is attributed to development fees being substantially higher than forecasted.

HOT funds revenue is short of forecast due to COVID-19 impacting the hospitality industry.

The cemetery is behind forecast. We are not sure if the new non-resident rates are affecting this yet. We have had some calls with no sales.

Capital project revenue is behind forecast and it is all related to interest revenue. The forecast was higher than what we are actually receiving.

EXPENDITURES

All funds are positive variance to forecasted expenditures year to date.

POLICY EXPLANATION:

This reporting requirement is set forth by the City of Bastrop Financial Management Policies, Chapter IV. Operating Budget, Section D. Reporting, as adopted by Resolution R-2020-77 on September 8, 2020.

STAFF REPORT

MEETING DATE: December 8, 2020

AGENDA ITEM: 8C

TITLE:

Consider action to approve the second reading of Ordinance No. 2020-31 of the City Council of the City of Bastrop, Texas amending Bastrop Building Block (B³) Code Section 2.3.004 Annual Adoption of Schedule of Uniform Submittal Dates for Site Plans and Place Type Zoning Changes, and Bastrop Building Block (B³) Technical Manual Section 1.2.002 Uniform Submittal Dates, as shown in Exhibit A, establishing a repealing clause, providing severability, and providing an effective date.

STAFF REPRESENTATIVE:

Jennifer C. Bills, AICP, LEED AP, Assistant Planning Director

BACKGROUND/HISTORY:

House Bill 3167 of the 86th Session of the Texas Legislature requires that a subdivision development plan, subdivision construction plan, site plan, land development application, site development plan, preliminary plat, general plan, final plat, and replat be approved, approved with conditions, or disapproved by Staff and Planning & Zoning Commission within 30 days of submission or it is deemed approved by inaction.

POLICY EXPLANATION:

Texas Local Government Code Chapter 212, Subchapter A. Regulation of Subdivisions, Section 212.002 Rules, grants authority to a governing body of a municipality, after conducting a public hearing on the matter, to adopt rules governing plats and subdivisions of land within the municipality's jurisdiction to promote the health, safety, morals, or general welfare of the municipality and the safe, orderly, and healthful development of the municipality.

To ensure compliance with Texas Local Government Code Chapters 211 and 212, City Council will annually adopt Schedules of Uniform Submittal Dates for Zoning Concept Scheme applications, Public Improvement Plan applications, Plat applications, and Site Plan applications. The Schedules of Uniform Submittal Dates will include dates applications will be accepted, when review for completeness checks will occur, when recommendations or approvals are made, and dates of any required Planning & Zoning Commission and/or City Council meetings.

This year's calendar roughly adheres to the following monthly schedule:

- First Monday: Plats
- Second Monday: Zoning
- Third Monday: Site Development Plans and Public Improvement Plans (PIPs)

Holiday considerations include moving submittal dates to Tuesdays when Monday is a City holiday, moving the Planning & Zoning Commission meetings to the week ahead of Thanksgiving and Christmas holidays, and adjusting completeness checks around any Tuesday holidays. Adjustments from the regularly scheduled day are in bold and italics on the schedules.

The Zoning schedule includes City Council meeting dates. These dates may be adjusted by ordinance amendment after City Council adopts their 2021 meeting calendar. The Zoning schedule currently assumes that the second meeting in November and December will be cancelled due to the holidays.

The schedules may also be adjusted if changes to the development process require different dates to provide consistent and predictable workflows. Any changes will be brought back to the Planning & Zoning Commission at the time of any development ordinance changes.

PLANNING & ZONING COMMISSION RECOMMENDATION:

The Commission reviewed the schedules at their regular meeting on October 29, 2020 and recommended approval by a unanimous vote.

STAFF REPORT

MEETING DATE: December 8, 2020

AGENDA ITEM: 8E

TITLE:

Consider action to approve Resolution No. R-2020-121 of the City Council of the City of Bastrop, Texas, stating that the City Council has determined the Construction Manager at Risk (CMAR) delivery method to provide the best value to the City and that the award of the Construction Manager At Risk Contract will be awarded based on best value to the City; and providing an effective date. (Submitted by: Trey Job, Assistant City Manager)

STAFF REPRESENTATIVE:

Trey Job, Assistant City Manager

BACKGROUND/HISTORY:

On September 22, 2020, the City of Bastrop City Council received a presentation on the benefits of using the CMAR method of delivery for the Simsboro Aquifer Water Supply and Water Treatment Plant construction. Once the presentation was completed the City Council took action approving an amendment to the Freese & Nichols task order that increased the overall contract amount by \$60,000.00. This resolution has no budgetary impact.

CMAR is a delivery method which necessitates a commitment by the Construction Manager (CM) to deliver the project within a Guaranteed Maximum Price (GMP) which is based on the construction documents and specifications at the time of the GMP plus, any reasonably inferred items or tasks. By bringing the CMAR on early in the process, they can provide valuable input (e.g., including cost estimating, scheduling, solicitation of subcontractor bids, value engineering, etc.) into the design and construction planning for the project.

This delivery method has several unique benefits to the Owner, including:

- A higher level of cost control from the start. During the design process, the CMAR provides cost estimates at contractually established points. If these cost estimates are in line with the established budget, the architect then moves on to the next phase of design. If not, the CMAR, Owner and Architect assess the cost estimate and make design changes to bring the design back into budget alignment. This process ensures budget success.
- The CMAR is an Owner advocate and manages the project with the Owner's best interest in mind at all times.
- The CMAR takes burden off of the Owner in managing and coordinating the project.
- The Owner's risk is limited by the CMAR process providing the construction documents are complete and proper allowances and contingencies are built into the GMP.

- Constructability and value to the Owner are afforded by the Value Engineering expertise brought to the process by the CMAR.
- Since the CMAR is at risk and gives the GMP prior to bid, the CMAR does not have to select the low bid but can focus on the quality of the respondents.
- Generally, the thorough prequalification process minimizes the number of low bidders that get disqualified and generally leads to lower long term costs, higher quality, and fewer claims because only pre-qualified contractors are performing work.
- CMAR services are professional services like architectural, engineering, surveying, etc. The CMAR's main purpose is not only to construct the project, but to manage the construction of the project. This management focus adds much value to the project.

The Texas Government Code requires a governmental entity when using a method other than competitive bidding for construction services to determine prior to advertising and issuing the request for proposal that the alternate method provides the best value to the City (TX Gov't Code § 2269.056). If passed tonight the RFP will be issued by December 10, 2020.

RECOMMENDATIONS:

I recommend approval of Resolution No. R-2020-121, resolving that CMAR provides the best value to the City and that the award of the CMAR Contract will be based on best value; and providing an effective date.

The Chairperson may reasonably extend time limits provided under these Rules, either at their own discretion or by a simple majority vote of the Board members.

For purposes of these Rules, the term "Chairperson" shall include the Vice-Chairperson when the Chairperson is absent or has been recused. If both the Chairperson and Vice-Chairperson are absent or recusing themselves, the remaining Board members will select from among themselves a presiding officer for that particular hearing.

6. Call to Order. The Chairperson shall call the hearing to order, announce the time the hearing is called to order, and state whether a quorum of the board is present. The chair shall identify the complaint being considered by the board.

7. Recusals. At any point prior to the commencement of deliberations, members of the Board can recuse themselves. It is preferred that recusals be communicated to the Chairperson and the City Secretary's Office prior to a meeting so that the City Secretary's Office may request an alternate Board member to participate at the hearing. Grounds for recusal shall include prohibitions listed in the Code of Ethics, Section 1.15.009(a) (Conflicts of Interest), or any other ethical basis deemed compelling by the recusing member. Board members shall recuse themselves if the City Council member who nominated them is a party to a complaint pending before the Board member.

- 7. Enter Appearance of the Parties.** The Chairperson shall call the parties to announce if they are present. If the complainant is not present, the Chairperson shall dismiss the complaint, close the hearing, and issue a letter of dismissal.
- 8. Procedural Requests.** All procedural motions that the complainant or accused wishes the Board to consider at the evidentiary hearing must be filed with the City Secretary's Office at least four (4) calendar days before the date of the hearing. The Board shall determine whether to grant requests that had not been submitted in time for the preliminary hearing.

Within one (1) business day after receipt, the City Secretary's Office will promptly forward the procedural motions to the Board members, the City Attorney's office, and the opposing party.

In addition to other procedural matters, the Board may consider a request for a reset or continuance of a hearing. The Board may also, on its own motion, reset or continue a hearing. At the beginning of the hearing, the Board will consider and rule upon any such requests and any procedural motions.

- 9. Evidence & Witnesses.** No later than by seven (7) calendar days prior to date of an evidentiary hearing, the Board shall in writing request the parties to submit to it the identities of the witnesses they intend to call at the hearing, briefly describing the matter each witness will be expected to testify about, and any sworn statements and documentary evidence they desire to be considered. The parties shall submit their aforementioned evidence to the City Secretary within the time specified in the notice (that being no less than four (4) calendar days prior to the date of the hearing). The City Secretary shall forward the evidence to the parties, Board members, and the City Attorney no less than three (3) calendar days prior to the hearing.
- 10. Exhibits.** All exhibits submitted by the parties shall be numbered sequentially. The complainant's exhibits shall be pre-marked with the letter "C" followed by a dash, followed by a number; for example: "C-1". The accused's exhibits shall be pre-marked with the letter "A," followed by a dash, followed by a number, for example: "A-1".
- 13. Decorum.** Speakers must confine their remarks to the subject under discussion. Personal attacks and remarks are prohibited.
- 14. Sworn Testimony.** Each witness, before testifying at a hearing, shall be duly sworn by the Chairperson.
- 15. Order of Presentations.** The complainant shall open the presentation of the evidence and argument. The accused may then elect to present evidence and argument in response to the evidence presented to support their defense, but will not be required to do so. The complainant shall be permitted to present rebuttal evidence on any defense raised in Respondent's case presentation. If the parties at the hearing include more than one accused, the Chairperson may determine the order of their presentations.

- 16. Opening Statements.** Before presenting any evidence, each party shall present their positions with an initial statement in a narrative form including a summary of documents and witness testimony to be presented. Initial statements shall not exceed three (3) minutes.
- 17. Presentation of Evidence.** The parties may offer such evidence as is relevant and material to the complaint or any defense. All exhibits submitted in advance of the hearing shall be admitted at the start of hearing except those that the Board finds, after objection by a party, to be inadmissible as hearsay or speculative. Parties are restricted to evidence submitted in the Board packet except if good cause is shown and granted by the majority of the Board members present.
- 18. Witness Testimony.** Parties may proffer testimony of their witnesses if the witness is present and available for further examination, if needed. Testimony of witnesses at hearing shall be in question and answer format. Opposing parties shall be permitted to cross-examine the witnesses. Members of the Board may question witnesses, subject to reasonable time limits imposed by the Chair. Questioning by the Board shall not count against a party's allotted time.
- 19. Representation.** The parties may be accompanied or represented by legal counsel or another representative. A party's representative may present evidence and conduct examination of witnesses. A party's representative may not testify on behalf of a party. If a party designates a representative to present evidence on the party's behalf, then only the representative may present evidence at the hearing. For example, a witness offered by a complainant may be questioned by the complainant or by the complainant's representative, but not both. Nothing herein relieves the complainant of the obligation to put forth evidence supporting the complaint, including testifying.
- 20. Time Limitations.** The parties shall each be permitted thirty (30) minutes to present all their witness testimony, cross-examine opposing witnesses, and present documentary evidence unless otherwise modified by the Board.
- 21. Closing Statements.** Each party shall be permitted five (5) minutes to make a closing statement summarizing what they believe the evidence at the evidentiary hearing proved, or failed to prove. The complainant shall proceed with a closing statement first, followed by the accused. Of the five (5) minutes allotted for closing, the complainant may reserve a portion of that time to provide a rebuttal.
- 22. Closing of Hearing.** Upon expiration of the timelines allotted and being satisfied that the record is complete, the Chairperson shall declare the hearing closed. If additional evidence is required, the Chairperson may seek to continue the hearing.
- 23. Executive Session.** The Board may convene in executive session (i.e., conduct a closed meeting) at any point during a meeting or hearing in accordance with the Texas Open Meetings Act, pursuant to Texas Government Code § 551.071 (Consultation with Attorney),

and/or § 551.074 (Personnel Matters). However, all final actions of the Board shall take place in open session.

24. Deliberations. Upon the closing of a public hearing, the Board shall conduct deliberations. During deliberations, the Board may discuss the complaint, any evidence and testimony that was submitted, and the opinions of the Board members about the credibility of the information before the Board, and the applicability of the Code of Ethics. Deliberations may be in open or closed session, but all final actions of the Board shall take place in open session.

25. Reliability of Evidence. The Board shall rely on evidence on which a reasonably prudent person commonly relies in the conduct of the person's affairs. The amount of weight given to any evidence or testimony shall solely be at the discretion of the Board.

26. Burden of Proof. Because the burden of showing that a violation of the Code of Ethics occurred is placed on the complainant, it is the complainant that has the obligation to put forth evidence, including testimony, supporting the complaint. The complainant is required to testify at the hearing. A complainant's failure to testify at a hearing shall be grounds for dismissal of a complaint.

27. Determinations. Upon conclusion of deliberations, the Chairperson shall call for a motion. All votes will be voice vote, with the option for any member to request a roll call vote at any time. The Board is obligated to render its decision (i.e., imposing or recommending a sanction) within ten (10) business days after the conclusion of a hearing at which the Board determined that a violation occurred.

A decision to impose a sanction shall be communicated by the Chairperson to the parties, the City Secretary, the City Attorney, and the City Council. A decision to recommend a sanction shall be communicated by the Chairperson to the parties, the City Secretary, and the person to whom the recommendation for sanction is made.

A dismissal of a complaint shall be communicated by the Chairperson to the parties and the City Secretary in a letter of dismissal that sets forth the reasons for the dismissal.

If at any point during any Board proceeding or hearing, the Board determines that the complaint was erroneously accepted because it was filed more than two (2) years after the date of the act or omission (unless tolled pursuant to the Code of Ethics), the Board shall dismiss the complaint and the Chairperson shall issue a letter of dismissal to the parties and the City Secretary.

Any decision shall state the Board's findings of fact and conclusions of law and shall be authored by the Chair with the assistance of the City Attorney or Special Counsel, as applicable.

28. Reconsideration. Requests for reconsideration shall follow the procedure established in City of Bastrop Code of Ethics, Section 1.15.019.

29. Alternate Members. Alternate members of the Board shall attend meetings only upon request by the City Secretary's Office. The role of an alternate is to participate in meetings of the Board as a replacement for a regular member who is absent or abstaining.

Upon receipt of an agenda for meeting or hearing, each member of the Board shall immediately (within twenty-four (24) hours) inform the City Secretary if the member is planning to: (a) not attend; or (b) abstain from participation. The matter of determining which alternate shall be designated to attend a hearing shall be at the discretion of the Chairperson.

30. Amendments. The Board of Ethics may recommend to the City Council amendments to the City of Bastrop Code of Ethics or to these Rules Council by a simple majority vote.

SUBJECT: YMCA

=====

The Bastrop YMCA has provided important health, wellness, recreation, and enrichment programming to Bastrop County residents since 2011. According to YMCA Austin, the YMCA has invested over \$1 million into our community, with an average subsidy of more than \$150,000 per year coming from Austin to Bastrop in order to maintain Bastrop operations.

On November 18, YMCA Austin informed the City of Bastrop they will be closing the Bastrop YMCA and will discontinue all programming effective December 18, 2020.

Bastrop members of the Y will be able to transfer their membership to the East Austin branch. However, after December 18, the YMCA will no longer be providing the open gym, group exercise classes, and youth programming services they currently offer. As you know, we've been developing a plan for how the City of Bastrop might fill in the recreation programming gap caused by the YMCA's departure.

Our planning efforts have been driven by the following objectives:

- Stay within current budgeted resources. Existing resources includes the \$80,000 budget for YMCA services, which includes \$30,000 for the operation of the pool at the State Park. At this time, the YMCA plans to continue to operate the pool.
- Be sensitive to the service needs of current YMCA members, especially during a transition period.
- Provide ample time for a good needs assessment and proper evaluation of the City's potential long term role in recreation programming.

The plan as currently envisioned has three phases.

- Phase 1 (January 1, 2021 - April 1, 2021)- transition period
- Phase 2 (April 1, 2021 - end Fiscal Year 2021)- additional needs assessment and planning
- Phase 3 (begins October 1, 2021) the result of future planning and decisions as documented in the approval of the FY 2022 budget

Phase 1 – January thru March 2021

Services offered during Phase 1 would attempt to resemble the service delivery model currently deployed by the YMCA.

The YMCA has offered to donate the fitness equipment they currently own to the City. Phase 1 would include an "open gym" component where the fitness equipment is available at no cost to users.

Conversations are being held with current YMCA instructors to assess their interest in continuing to offer their classes through the end of next March. At the time of this writing, several instructors have indicated their willingness to contract with the City to provide these services. Classes offered would include strength and conditioning, yoga, Pilates, Tai Chi, etc. Youth-oriented classes (dance, cross-country) could also be provided. According to this plan, the instructors would contract with the City at the same rate they previously contracted with the YMCA. Priority would be given to current YMCA members to fill the classes. After sufficient time is given to allow opportunity for current members to sign up, and if class space still exists (class size maximum would likely be 20), then the balance of the class could be filled with Bastrop residents.

Costs to the City would include:

- Leasing of space and custodial services
- Contracts with instructors
- Part-time and temporary staff to manage the open gym

Assuming the City continues to pay the YMCA \$30,000 this fiscal year for the operation of the pool, and assuming the City's contribution for other recreation programming is limited to the first quarter of this fiscal year, then \$37,500 remains in the budget to cover recreation programming. We're still working out details, but the remaining budget is sufficient to cover leases, contracts with instructors, and part-time/temporary staff.

Another cost to the City is the management of these contracts and programming activities. This workload is not easily absorbed by the City. The City should contract with or hire an administrator to run these programs. I'm still working through the details of what this would require, but these costs are easily absorbed with vacancy savings in the current budget.

Phase 2 – April thru September 2021

Phase 1 provides time to develop Phase 2. Phase 2 should lay the foundation for a more permanent and sustainable long-term plan.

Starting in April, we would have in place new instructor agreements, a new fee schedule and new registration process. We plan to introduce a new approach to providing instructors to the mix. Under that new model, some instructors would not be paid by the City but would instead pay to use space made available by the City. Those instructors would directly charge their customers for the instruction.

Depending on the state of COVID restrictions next Spring, we could be in a position of offering youth and adult sports activities at City of Bastrop parks and facilities.

The plan would be that Phase 2 costs would be covered by participant and instructor fees.

Phase 3 – Beginning October 2021

The Phase 1 and Phase 2 experience will allow us to plan and budget for FY 2022. We'll solicit Council feedback on the extent to which we may be interested in subsidizing certain programs so as to reduce costs to the participants.

The City's Parks and Recreation Master Plan was approved in 2015. A FY 2022 budget enhancement we are likely to recommend is the updating of that Master Plan document, which would include a survey of our citizens' recreation programming interests.

December 8, 2020 Decision Making

We have prepared a resolution for Council's consideration on December 8 that would authorize the City Manager to negotiate and execute agreements, and to operate within the current budget, to:

- Lease gym and exercise space
- Enter into short term contracts with instructors
- Accept the donation of fitness equipment

Terry Moore of the YMCA has been very generous with her time and knowledge these past few days. We greatly appreciate her partnership.

Please let me know of any questions.

Said Interest and Sinking Fund shall be kept separate and apart from all other funds and accounts of said City, and shall be used only for paying the interest on and principal of said Note. All ad valorem taxes levied and collected for and on account of said Note shall be deposited, as collected, to the credit of said Interest and Sinking Fund. During each year while any of said Note are outstanding and unpaid, the governing body of said City shall compute and ascertain a rate and amount of ad valorem tax which will be sufficient to raise and produce the money required to pay the interest on said Note as such interest comes due, and to provide and maintain a sinking fund adequate to pay the principal of said Note as such principal matures (but never less than 2% of the original principal amount of said Note as a sinking fund each year); and said tax shall be based on the latest approved tax rolls of said City, with full allowances being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax is hereby levied, and is hereby ordered to be levied, against all taxable property in said City, for each year while any of said Note are outstanding and unpaid, and said tax shall be assessed and collected each such year and deposited to the credit of the aforesaid Interest and Sinking Fund. Said ad valorem taxes sufficient to provide for the payment of the interest on and principal of said Note, as such interest comes due and such principal matures, are hereby pledged for such payment, within the limit prescribed by law. Accrued interest on the Note shall be deposited in the Interest and Sinking Fund and used to pay interest on the Note.

Section 7. ESTABLISHMENT OF PROJECT FUND. (a) Project Fund. The City's Limited Tax Note Series 2020 Project Fund is hereby created and shall be established and maintained by the City at an official depository bank of the City. Proceeds from the sale of the Note, including any premium, but excluding accrued interest, shall be deposited into the Project Fund.

(b) Investment of Funds. The City hereby covenants that the proceeds of the sale of the Note will be used as soon as practicable for the purposes for which the Note is issued. Obligations purchased as an investment of money in any fund shall be deemed to be a part of such fund. Any money in any fund created by this Ordinance may be invested as permitted by the Texas Public Funds Investment Act, as amended.

(c) Security for Funds. All funds created by this Ordinance shall be secured in the manner and to the fullest extent required by law for the security of funds of the City.

(d) Maintenance of Funds. Any funds created pursuant to this Ordinance may be created as separate funds or accounts or as subaccounts of the City's General Fund held by the City's

depository, and, as such, not held in separate bank accounts, such treatment shall not constitute a commingling of the monies in such funds or of such funds and the City shall keep full and complete records indicating the monies and investments credited to each such fund.

(e) Interest Earnings. Interest earnings derived from the investment of proceeds from the sale of the Note shall be used along with the Note proceeds for the purpose for which the Note is issued as set forth in Section 1 hereof or to pay principal or interest payments on the Note; provided, however, that after completion of such purpose, if any of such interest earnings remain on hand, such interest earnings shall be deposited in the Interest and Sinking Fund. It is further provided, however, that any interest earnings on bond proceeds which are required to be rebated to the United States of America pursuant to Section 11 hereof in order to prevent the Note from being arbitrage bonds shall be so rebated and not considered as interest earnings for the purposes of this Section.

(f) Perfection. Chapter 1208, Texas Government Code, applies to the issuance of the Note and the pledge of the ad valorem taxes granted by the City under this Section, and is therefore valid, effective, and perfected. If Texas law is amended at any time while the Note is outstanding and unpaid such that the pledge of the ad valorem taxes granted by the City under this Section is to be subject to the filing requirements of Chapter 9, Business & Commerce Code, then in order to preserve to the Owners of the Note the perfection of the security interest in said pledge, the City agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Business & Commerce Code and enable a filing to perfect the security interest in said pledge to occur.

Section 8. DEFEASANCE OF NOTE. (a) The Note and the interest thereon shall be deemed to be paid, retired and no longer outstanding ("Defeased Note") within the meaning of this Ordinance, except to the extent provided in subsections (c) and (e) of this Section, when payment of the principal of such Note, plus interest thereon to the due date or dates (whether such due date or dates be by reason of maturity, upon redemption, or otherwise) either (i) shall have been made or caused to be made in accordance with the terms thereof (including the giving of any required notice of redemption) or (ii) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar or a commercial bank or trust company for such payment (1) lawful money of the United States of America sufficient to make such payment, (2) Defeasance Securities, certified by an independent public accounting firm of national reputation to mature as to principal and interest in such amounts and at such times as will ensure the availability, without reinvestment, of sufficient money to provide for such payment and when proper arrangements have been made by the City with the Paying Agent/Registrar or a commercial bank or trust company for the payment of its services until all Defeased Note shall have become due and payable or (3) any combination of (1) and (2). At such time as Notes shall be deemed to be a Defeased Note hereunder, as aforesaid, such Note and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the ad valorem taxes herein levied as provided in this Ordinance, and such principal and interest shall be payable solely from such money or Defeasance Securities.

(b) The deposit under clause (ii) of subsection (a) shall be deemed a payment of Note as aforesaid when proper notice of redemption of such Note shall have been given, in accordance with

this Ordinance. Any money so deposited with the Paying Agent/Registrar or a commercial bank or trust company as provided in this Section may, at the discretion of the City Council, also be invested in Defeasance Securities, maturing in the amounts and at the times as hereinbefore set forth, and all income from all Defeasance Securities in possession of the Paying Agent/Registrar or a commercial bank or trust company pursuant to this Section which is not required for the payment of such Note and premium, if any, and interest thereon with respect to which such money has been so deposited, shall be remitted to the City Council.

(c) Notwithstanding any provision of any other Section of this Ordinance which may be contrary to the provisions of this Section, all money or Defeasance Securities set aside and held in trust pursuant to the provisions of this Section for the payment of principal of the Note and premium, if any, and interest thereon, shall be applied to and used solely for the payment of the particular Note and premium, if any, and interest thereon, with respect to which such money or Defeasance Securities have been so set aside in trust. Until all Defeased Note shall have become due and payable, the Paying Agent/Registrar shall perform the services of Paying Agent/Registrar for such Defeased Note the same as if they had not been defeased, and the City shall make proper arrangements to provide and pay for such services as required by this Ordinance.

(d) Notwithstanding anything elsewhere in this Ordinance, if money or Defeasance Securities have been deposited or set aside with the Paying Agent/Registrar or a commercial bank or trust company pursuant to this Section for the payment of the Note and the Note shall not have in fact been actually paid in full, no amendment of the provisions of this Section shall be made without the consent of the registered owner of the Note affected thereby.

(e) Notwithstanding the provisions of subsection (a) immediately above, to the extent that, upon the defeasance of any Defeased Note to be paid at its maturity, the City retains the right under Texas law to later call that Defeased Note for redemption in accordance with the provisions of the Ordinance authorizing its issuance, the City may call such Defeased Note for redemption upon complying with the provisions of Texas law and upon the satisfaction of the provisions of subsection (a) immediately above with respect to such Defeased Note as though it was being defeased at the time of the exercise of the option to redeem the Defeased Note and the effect of the redemption is taken into account in determining the sufficiency of the provisions made for the payment of the Defeased Note.

Section 9. DAMAGED, MUTILATED, LOST, STOLEN, OR DESTROYED NOTES.

(a) Replacement Note. In the event any outstanding Note is damaged, mutilated, lost, stolen or destroyed, the Paying Agent/Registrar shall cause to be printed, executed and delivered, a new Note of the same principal amount, maturity and interest rate, as the damaged, mutilated, lost, stolen or destroyed Note, in replacement for such Note in the manner hereinafter provided.

(b) Application for Replacement Note. Application for replacement of a damaged, mutilated, lost, stolen or destroyed Note shall be made by the Registered Owner thereof to the Paying Agent/Registrar. In every case of loss, theft or destruction of a Note, the Registered Owner applying for a replacement Note shall furnish to the City and to the Paying Agent/Registrar such security or indemnity as may be required by them to save each of them harmless from any loss or

damage with respect thereto. Also, in every case of loss, theft or destruction of a Note, the Registered Owner shall furnish to the City and to the Paying Agent/Registrar evidence to their satisfaction of the loss, theft or destruction of such Note, as the case may be. In every case of damage or mutilation of a Note, the Registered Owner shall surrender to the Paying Agent/Registrar for cancellation the Note so damaged or mutilated.

(c) No Default Occurred. Notwithstanding the foregoing provisions of this Section, in the event any such Note shall have matured, and no default has occurred which is then continuing in the payment of the principal of, redemption premium, if any, or interest on the Note, the City may authorize the payment of the same (without surrender thereof except in the case of a damaged or mutilated Note) instead of issuing a replacement Note, provided security or indemnity is furnished as above provided in this Section.

(d) Charge for Issuing Replacement Note. Prior to the issuance of any replacement Note, the Paying Agent/Registrar shall charge the Registered Owner of such Note with all legal, printing, and other expenses in connection therewith. Every replacement Note issued pursuant to the provisions of this Section by virtue of the fact that any Note is lost, stolen or destroyed shall constitute a contractual obligation of the City whether or not the lost, stolen or destroyed Note shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits of this Ordinance equally and proportionately with any and all other Note duly issued under this Ordinance.

(e) Authority for Issuing Replacement Note. In accordance with Subchapter B of Texas Government Code, Chapter 1206, this Section of this Ordinance shall constitute authority for the issuance of any such replacement Note without necessity of further action by the governing body of the City or any other body or person, and the duty of the replacement of such Note is hereby authorized and imposed upon the Paying Agent/Registrar, and the Paying Agent/Registrar shall authenticate and deliver such Note in the form and manner and with the effect, as provided in Section 9(a) of this Ordinance for Note issued in conversion and exchange for other Note.

Section 10. CUSTODY, APPROVAL, AND REGISTRATION OF NOTE; BOND COUNSEL'S OPINION; AND CONTINGENT INSURANCE PROVISION, IF OBTAINED. The Mayor of the City is hereby authorized to have control of the Note issued and delivered hereunder and all necessary records and proceedings pertaining to the Note pending their delivery and their investigation, examination, and approval by the Attorney General of the State of Texas, and their registration by the Comptroller of Public Accounts of the State of Texas. Upon registration of the Note said Comptroller of Public Accounts (or a deputy designated in writing to act for said Comptroller) shall manually sign the Comptroller's Registration Notes attached to the Note, and the seal of said Comptroller shall be impressed, or placed in facsimile, on the Note. The approving legal opinion of the City's Bond Counsel may, at the option of the City, be printed on the Note issued and delivered under this Ordinance, but neither shall have any legal effect, and shall be solely for the convenience and information of the Registered Owners of the Note. In addition, if bond insurance is obtained, the Note may bear an appropriate legend as provided by the insurer.

Section 11. COVENANTS REGARDING TAX EXEMPTION OF INTEREST ON THE NOTE. (a) Covenants. The City covenants to take any action necessary to assure, or refrain from

any action which would adversely affect, the treatment of the Note as an obligation described in section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), the interest on which is not includable in the "gross income" of the holder for purposes of federal income taxation. In furtherance thereof, the City covenants as follows:

(1) to take any action to assure that no more than 10 percent of the proceeds of the Note or the projects financed therewith (less amounts deposited to a reserve fund, if any) are used for any "private business use," as defined in section 141(b)(6) of the Code or, if more than 10 percent of the proceeds or the projects financed therewith are so used, such amounts, whether or not received by the City, with respect to such private business use, do not, under the terms of this Ordinance or any underlying arrangement, directly or indirectly, secure or provide for the payment of more than 10 percent of the debt service on the Note, in contravention of section 141(b)(2) of the Code;

(2) to take any action to assure that in the event that the "private business use" described in subsection (1) hereof exceeds 5 percent of the proceeds of the Note or the projects financed therewith (less amounts deposited into a reserve fund, if any) then the amount in excess of 5 percent is used for a "private business use" which is "related" and not "disproportionate," within the meaning of section 141(b)(3) of the Code, to the governmental use;

(3) to take any action to assure that no amount which is greater than the lesser of \$5,000,000, or 5 percent of the proceeds of the Note (less amounts deposited into a reserve fund, if any) is directly or indirectly used to finance loans to persons, other than state or local governmental units, in contravention of section 141(c) of the Code;

(4) to refrain from taking any action which would otherwise result in the Note being treated as "private activity bonds" within the meaning of section 141(b) of the Code;

(5) to refrain from taking any action that would result in the Note being "federally guaranteed" within the meaning of section 149(b) of the Code;

(6) to refrain from using any portion of the proceeds of the Note, directly or indirectly, to acquire or to replace funds which were used, directly or indirectly, to acquire investment property (as defined in section 148(b)(2) of the Code) which produces a materially higher yield over the term of the Note, other than investment property acquired with --

(A) proceeds of the Note invested for a reasonable temporary period of 3 years or less or, in the case of a refunding bond, for a period of 90 days or less until such proceeds are needed for the purpose for which the Note is issued,

(B) amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1(b) of the Treasury Regulations, and

(C) amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed 10 percent of the proceeds of the Note;

(7) to otherwise restrict the use of the proceeds of the Note or amounts treated as proceeds of the Note, as may be necessary, so that the Note does not otherwise contravene the requirements of section 148 of the Code (relating to arbitrage) and, to the extent applicable, section 149(d) of the Code (relating to advance refundings)

(b) Rebate Fund. In order to facilitate compliance with the above covenant (8), a "Rebate Fund" is hereby established by the City for the sole benefit of the United States of America, and such fund shall not be subject to the claim of any other person, including without limitation the Noteholders. The Rebate Fund is established for the additional purpose of compliance with section 148 of the Code.

(c) Proceeds. The City understands that the term "proceeds" includes "disposition proceeds" as defined in the Treasury Regulations and, in the case of refunding bonds, transferred proceeds (if any) and proceeds of the refunded bonds expended prior to the date of issuance of the Note. It is the understanding of the City that the covenants contained herein are intended to assure compliance with the Code and any regulations or rulings promulgated by the U.S. Department of the Treasury pursuant thereto. In the event that regulations or rulings are hereafter promulgated which modify or expand provisions of the Code, as applicable to the Note, the City will not be required to comply with any covenant contained herein to the extent that such failure to comply, in the opinion of nationally recognized bond counsel, will not adversely affect the exemption from federal income taxation of interest on the Note under section 103 of the Code. In the event that regulations or rulings are hereafter promulgated which impose additional requirements which are applicable to the Note, the City agrees to comply with the additional requirements to the extent necessary, in the opinion of nationally recognized bond counsel, to preserve the exemption from federal income taxation of interest on the Note under section 103 of the Code. In furtherance of such intention, the City hereby authorizes and directs the City Manager or Director of Finance to execute any documents, Notes or reports required by the Code and to make such elections, on behalf of the City, which may be permitted by the Code as are consistent with the purpose for the issuance of the Note. This Ordinance is intended to satisfy the official intent requirements set forth in Section 1.150-2 of the Treasury Regulations.

(d) Allocation Of, and Limitation On, Expenditures for the Project. The City covenants to account for the expenditure of sale proceeds and investment earnings to be used for the purposes described in Section 1 of this Ordinance (the "Project") on its books and records in accordance with the requirements of the Code. The City recognizes that in order for the proceeds to be considered used for the reimbursement of costs, the proceeds must be allocated to expenditures within 18 months of the later of the date that (1) the expenditure is made, or (2) the Project is completed; but in no event later than three years after the date on which the original expenditure is paid. The foregoing notwithstanding, the City recognizes that in order for proceeds to be expended under the Code, the sale proceeds or investment earnings must be expended no more than 60 days after the earlier of (1) the fifth anniversary of the delivery of the Note, or (2) the date the Note is retired. The

City agrees to obtain the advice of nationally-recognized bond counsel if such expenditure fails to comply with the foregoing to assure that such expenditure will not adversely affect the tax-exempt status of the Note. For purposes of this subsection, the City shall not be obligated to comply with this covenant if it obtains an opinion of nationally-recognized bond counsel to the effect that such failure to comply will not adversely affect the excludability for federal income tax purposes from gross income of the interest.

(e) Disposition of Project. The City covenants that the property constituting the Project will not be sold or otherwise disposed in a transaction resulting in the receipt by the City of cash or other compensation, unless the City obtains an opinion of nationally-recognized bond counsel that such sale or other disposition will not adversely affect the tax-exempt status of the Note. For purposes of this subsection, the portion of the property comprising personal property and disposed of in the ordinary course shall not be treated as a transaction resulting in the receipt of cash or other compensation. For purposes of this subsection, the City shall not be obligated to comply with this covenant if it obtains an opinion of nationally-recognized bond counsel to the effect that such failure to comply will not adversely affect the excludability for federal income tax purposes from gross income of the interest.

(f) Reimbursement. This Ordinance is intended to satisfy the official intent requirements set forth in section 1.150-2 of the Treasury Regulations.

Section 12. SALE OF NOTE. The Note is hereby sold and shall be delivered to _____, (the "Purchaser") pursuant to a Letter of Investment in substantially the form attached hereto as Exhibit B, which the Mayor and Mayor Pro-Tem of the City are hereby authorized to execute and deliver and which the City Secretary of the City is hereby authorized to attest. The City will initially deliver to the Purchaser the Note authorized under this Ordinance. The Note shall initially be registered in the name of _____.

Section 13. NO CONTINUING DISCLOSURE UNDERTAKING; ANNUAL AUDIT. The City will not enter into a continuing disclosure undertaking with respect to the Obligations, however to the extent the City's annual audited financial statements are not available on the Municipal Securities Rulemaking Board's Electronic Municipal Market Access website or the website of the Texas Municipal Advisory Council, the City shall send the Purchaser such annual audited financial statements within twelve months after the end of each fiscal year.

Section 14. AMENDMENT OF ORDINANCE. The City hereby reserves the right to amend this Ordinance subject to the following terms and conditions, to-wit:

(a) The City may from time to time, without the consent of any holder, except as otherwise required by paragraph (b) below, amend or supplement this Ordinance to (i) cure any ambiguity, defect or omission in this Ordinance that does not materially adversely affect the interests of the holders, (ii) grant additional rights or security for the benefit of the holders, (iii) add events of default as shall not be inconsistent with the provisions of this Ordinance and that shall not materially adversely affect the interests of the holders, (iv) qualify this Ordinance under the Trust Indenture Act of 1939, as amended, or corresponding provisions of federal laws from time to time in effect, (v)

obtain insurance or ratings on the Bonds, (vi) obtain the approval of the Attorney General of the State Texas, or (vii) make such other provisions in regard to matters or questions arising under this Ordinance as shall not be inconsistent with the provisions of this Ordinance and that shall not in the opinion of the City's Bond Counsel materially adversely affect the interests of the holders.

(b) Except as provided in paragraph (a) above, the holders of Bonds aggregating in principal amount 51% of the aggregate principal amount of then outstanding Bonds that are the subject of a proposed amendment shall have the right from time to time to approve any amendment hereto that may be deemed necessary or desirable by the City; provided, however, that without the consent of 100% of the holders in aggregate principal amount of the then outstanding Bonds, nothing herein contained shall permit or be construed to permit amendment of the terms and conditions of this Ordinance or in any of the Bonds so as to:

- (1) Make any change in the maturity of any of the outstanding Bonds;
- (2) Reduce the rate of interest borne by any of the outstanding Bonds;
- (3) Reduce the amount of the principal of, or redemption premium, if any, payable on any outstanding Bonds;
- (4) Modify the terms of payment of principal or of interest or redemption premium on outstanding Bonds or any of them or impose any condition with respect to such payment; or
- (5) Change the minimum percentage of the principal amount of any series of Bonds necessary for consent to such amendment.

(c) If at any time the City shall desire to amend this Ordinance under this Section, the City shall send by U.S. mail to each registered owner of the affected Bonds a copy of the proposed amendment and cause notice of the proposed amendment to be published at least once in a financial publication published in The City of New York, New York or in the State of Texas. Such published notice shall briefly set forth the nature of the proposed amendment and shall state that a copy thereof is on file at the office of the City for inspection by all holders of such Bonds.

(d) Whenever at any time within one year from the date of publication of such notice the City shall receive an instrument or instruments executed by the holders of at least 51% in aggregate principal amount of all of the Bonds then outstanding that are required for the amendment, which instrument or instruments shall refer to the proposed amendment and that shall specifically consent to and approve such amendment, the City may adopt the amendment in substantially the same form.

(e) Upon the adoption of any amendatory Ordinance pursuant to the provisions of this Section, this Ordinance shall be deemed to be modified and amended in accordance with such amendatory Ordinance, and the respective rights, duties, and obligations of the City and all holders of such affected Bonds shall thereafter be determined, exercised, and enforced, subject in all respects to such amendment.

(f) Any consent given by the holder of a Bond pursuant to the provisions of this Section shall be irrevocable for a period of six months from the date of the publication of the notice provided for in this Section, and shall be conclusive and binding upon all future holders of the same Bond during such period. Such consent may be revoked at any time after six months from the date of the publication of said notice by the holder who gave such consent, or by a successor in title, by filing notice with the City, but such revocation shall not be effective if the holders of 51% in aggregate principal amount of the affected Bonds then outstanding, have, prior to the attempted revocation, consented to and approved the amendment.

Section 15. DEFAULT AND REMEDIES. (a) Events of Default. Each of the following occurrences or events for the purpose of this Ordinance is hereby declared to be an Event of Default:

(i) the failure to make payment of the principal of or interest on any of the Bonds when the same becomes due and payable; or

(ii) default in the performance or observance of any other covenant, agreement or obligation of the City, the failure to perform which materially, adversely affects the rights of the Registered Owners of the Bonds, including, but not limited to, their prospect or ability to be repaid in accordance with this Ordinance, and the continuation thereof for a period of 60 days after notice of such default is given by any Registered Owner to the City.

(b) Remedies for Default.

(i) Upon the happening of any Event of Default, then and in every case, any Registered Owner or an authorized representative thereof, including, but not limited to, a trustee or trustees therefor, may proceed against the City, or any official, officer or employee of the City in their official capacity, for the purpose of protecting and enforcing the rights of the Registered Owners under this Ordinance, by mandamus or other suit, action or special proceeding in equity or at law, in any court of competent jurisdiction, for any relief permitted by law, including the specific performance of any covenant or agreement contained herein, or thereby to enjoin any act or thing that may be unlawful or in violation of any right of the Registered Owners hereunder or any combination of such remedies.

(ii) It is provided that all such proceedings shall be instituted and maintained for the equal benefit of all Registered Owners of Bonds then outstanding.

(c) Remedies Not Exclusive.

(i) No remedy herein conferred or reserved is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or under the Bonds or now or hereafter existing at law or in equity; provided, however, that notwithstanding any other provision of this Ordinance, the right to accelerate the debt evidenced by the Bonds shall not be available as a remedy under this Ordinance.

(ii) The exercise of any remedy herein conferred or reserved shall not be deemed a waiver of any other available remedy.

(iii) By accepting the delivery of a Bond authorized under this Ordinance, such Registered Owner agrees that the certifications required to effectuate any covenants or representations contained in this Ordinance do not and shall never constitute or give rise to a personal or pecuniary liability or charge against the officers, employees or trustees of the City or the City Council.

(iv) None of the members of the City Council, nor any other official or officer, agent, or employee of the City, shall be charged personally by the Registered Owners with any liability, or be held personally liable to the Registered Owners under any term or provision of this Ordinance, or because of any Event of Default or alleged Event of Default under this Ordinance.

Section 16. APPROVAL OF PAYING AGENT/REGISTRAR AGREEMENT. Attached hereto as Exhibit C is a substantially final form of Paying Agent/Registrar Agreement. Each of the Mayor, the City Manager and the Director of Finance are hereby authorized to amend, complete or modify such agreement as necessary and are further authorized to execute such agreement.

Section 17. NO PERSONAL LIABILITY. No covenant or agreement contained in the Note, this Ordinance or any corollary instrument shall be deemed to be the covenant or agreement of any member of the City Council or any officer, agent, employee or representative of the City Council in his individual capacity, and neither the directors, officers, agents, employees or representatives of the City Council nor any person executing the Note shall be personally liable thereon or be subject to any personal liability for damages or otherwise or accountability by reason of the issuance thereof, or any actions taken or duties performed, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty, or otherwise, all such liability being expressly released and waived as a condition of and in consideration for the issuance of the Note.

Section 18. FURTHER ACTIONS. The officers and employees of the City are hereby authorized, empowered and directed from time to time and at any time to do and perform all such acts and things and to execute, acknowledge and deliver in the name and under the corporate seal and on behalf of the City all such instruments, whether or not herein mentioned, as may be necessary or desirable in order to carry out the terms and provisions of this Ordinance, the Note, the initial sale and delivery of the Note, the Paying Agent/Registrar Agreement, any insurance commitment letter or insurance policy and the Official Statement. In addition, prior to the initial delivery of the Note, the City Manager or Assistant City Manager are each hereby authorized and directed to approve any technical changes or corrections to this Ordinance or to any of the instruments authorized and approved by this Ordinance necessary in order to (i) correct any ambiguity or mistake or properly or more completely document the transactions contemplated and approved by this Ordinance and as described in the Official Statement or (ii) obtain the approval of the Note by the Texas Attorney General's office.

In case any officer of the City whose signature shall appear on the Note shall cease to be such officer before the delivery of the Note, such signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.

Section 19. INTERPRETATIONS. All terms defined herein and all pronouns used in this Ordinance shall be deemed to apply equally to singular and plural and to all genders. The titles and headings of the articles and sections of this Ordinance and the Table of Contents of this Ordinance have been inserted for convenience of reference only and are not to be considered a part hereof and shall not in any way modify or restrict any of the terms or provisions hereof. This Ordinance and all the terms and provisions hereof shall be liberally construed to effectuate the purposes set forth herein and to sustain the validity of the Note and the validity of the lien on and pledge of the Pledged Revenues to secure the payment of the Note.

Section 20. INCONSISTENT PROVISIONS. All ordinances, orders or resolutions, or parts thereof, which are in conflict or inconsistent with any provision of this Ordinance are hereby repealed to the extent of such conflict and the provisions of this Ordinance shall be and remain controlling as to the matters contained herein.

Section 21. INTERESTED PARTIES. Nothing in this Ordinance expressed or implied is intended or shall be construed to confer upon, or to give to, any person or entity, other than the City and the registered owners of the Note, any right, remedy or claim under or by reason of this Ordinance or any covenant, condition or stipulation hereof, and all covenants, stipulations, promises and agreements in this Ordinance contained by and on behalf of the City shall be for the sole and exclusive benefit of the City and the registered owners of the Note.

Section 22. INCORPORATION OF RECITALS. The City hereby finds that the statements set forth in the recitals of this Ordinance are true and correct, and the City hereby incorporates such recitals as a part of this Ordinance.

Section 23. SEVERABILITY. If any provision of this Ordinance or the application thereof to any circumstance shall be held to be invalid, the remainder of this Ordinance and the application thereof to other circumstances shall nevertheless be valid, and this governing body hereby declares that this Ordinance would have been enacted without such invalid provision.

Section 24. REPEALER. All orders, resolutions and ordinances, or parts thereof, inconsistent herewith are hereby repealed to the extent of such inconsistency.

Section 25. EFFECTIVE DATE. This Ordinance shall become effect immediately from and after its passage on first and final reading in accordance with Section 1201.028, Texas Government Code, as amended.

Section 26. PERFECTION. Chapter 1208, Government Code, applies to the issuance of the Note and the pledge of ad valorem taxes and surplus net revenues granted by the City under Sections 6 and 7 of this Ordinance, and such pledge is therefore valid, effective and perfected. If Texas law is amended at any time while the Note is outstanding and unpaid such that the pledge of

ad valorem taxes and surplus net revenues granted by the City under Sections 6 and 7 of this Ordinance is to be subject to the filing requirements of Chapter 9, Business & Commerce Code, then in order to preserve to the registered owners of the Note the perfection of the security interest in said pledge, the City agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Business & Commerce Code and enable a filing to perfect the security interest in said pledge to occur.

Section 27. REIMBURSEMENT. The City expects to pay expenditures in connection with the purposes set forth in the Section 1 of this Ordinance prior to the issuance of the Note. The City finds, considers and declares that the reimbursement of the City for the payment of such expenditures will be appropriate and consistent with the lawful objectives of the City and, as such, chooses to declare its intention, in accordance with the provisions of Section 1.150-2 of the Treasury Regulations, to reimburse itself for such payments at such time as it issues Note to accomplish the purposes set forth in Section 1 of this Ordinance. All costs to be reimbursed pursuant hereto will be capital expenditures. No Note will be issued by the City in furtherance of this Ordinance after a date which is later than 18 months after the later of (1) the date the expenditures are paid or (2) the date on which the property, with respect to which such expenditures were made, is placed in service. The foregoing notwithstanding, no Note will be issued pursuant to this Ordinance more than three years after the date any expenditure which is to be reimbursed is paid.

Section 28. PAYMENT OF ATTORNEY GENERAL FEE. The City hereby authorizes the disbursement of a fee equal to the lesser of (i) one-tenth of one percent of the principal amount of the Note or (ii) \$9,500, provided that such fee shall not be less than \$750, to the Attorney General of Texas Public Finance Division for payment of the examination fee charged by the State of Texas for the Attorney General's review and approval of public securities and credit agreements, as required by Section 1202.004 of the Texas Government Code. The appropriate member of the City's staff is hereby instructed to take the necessary measures to make this payment. The City is also authorized to reimburse the appropriate City funds for such payment from proceeds of the Note.

IN ACCORDANCE WITH SECTION 1201.028, Texas Government Code, finally passed, approved and effective on this 8th day of December 2020.

STAFF REPORT

MEETING DATE: December 8, 2020

AGENDA ITEM: 9E

TITLE:

Consider action to approve the first reading of Ordinance No. 2020-33 of the City Council of the City of Bastrop, Texas, amending the budget for the Fiscal Year 2021 in accordance with existing statutory requirements; appropriating the various amounts herein as attached in Exhibit A; repealing all prior ordinances and actions in conflict herewith; establishing an effective date, and move to include on the January 12, 2020 City Council consent agenda for a second reading.

STAFF REPRESENTATIVE:

Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:

The FY2021 budget was approved by City Council on September 22, 2020. Since that approval, the City has closed the FY2020 fiscal year. There are additional expenditures that have come up since the FY2021 budget was approved and carry-over amounts relating to ongoing projects.

Below is a summary of the General Fund's projected to actual comparison for FY2020. The revenue variance was due to sales tax, planning fees and CARES funding all being higher than projected. The expense side included a transfer from General Fund to Innovation Fund which did not occur. This transfer is being included in this budget amendment. As you can see, we ended FY2020 very strong leaving a healthy reserve.

	Projected FY2020	Actual FY2020	Variance
Total Revenue	\$12,140,263	\$12,975,864	\$835,601
Total Expense	\$11,758,344	\$11,329,254	\$429,090
Ending Fund Balance	\$3,364,281	\$4,628,972	\$1,264,691
Fund Balance %	30%	41%	11%

The Exhibit A to the ordinance explains in detail the nature of each of the budget amendments being requested.

POLICY EXPLANATION:

The Financial Management Policy states that the level of budgetary control is at the department level in all Funds. If transfers are required between departments, this must be approved by City Council.

The City Charter requires that when the budget is amended, that the amendment be made by Ordinance.

New Total Revenue	\$100,000

EXHIBIT A

The contract with Artisan Concrete to construct all alternate options for Phase I of the Skate Park totaled \$395,375. It was the consensus of council that city staff try and find the funds to complete this contract in total. The FY2021 budget included \$266,000 (\$55,000 in parks designated and \$210,000 in innovation). There is an additional \$9,900 in consultants' fees for the construction phase. These two budget amendments, using available fund balance in each fund, will provide enough funding for the full contract amount.

Trans In-General Fund (105-00-00-4701)	<u>\$ 645,894</u>

New Total Expenditure	\$ 958,130

The FY2020 ending fund balance in the Innovation fund is \$162,236. The proposed transfer of \$500,000 in FY2020 from General Fund did not occur. This amendment is to transfer excess fund balance from General Fund to be used for one-time expenditures. The amount being transferred along with the ending fund balance will zero out this fund. A portion of this transfer is being appropriated for the additional funds needed to complete all alternate options for the Skate Park (See Budget Amendment #3). There is additional engineering required for the Gills Branch Drainage Improvement project of \$49,788. These additional services are being required by the USA Core of Engineers and Texas Historical Commission. The final amount is to pay off all loans owed to BP&L.

New Total Expenditure	\$ 583,900

This capital fund did not expense as much as previously estimated for capital outlay for water CIP projects in FY2020. This amendment is a carryover of the available fund balance from FY2020 to complete the elevated and ground storage water tanks at HWY 20, cover the public relations balance of the WWTP#3, and set aside contingency funds for possible maintenance issues that may arise.

Budget Amendment #7: 2018 CO Bond Expenditures

FY 2021 Budget Book (Page 137)

STAFF REPRESENTATIVE:

Tanya Cantrell, Human Resources Director

BACKGROUND/HISTORY:

The City Manager has engaged in the assessment and reorganization of certain key staff positions, and determined that Assistant City Manager Positions are necessary and appropriate, and that the now-vacant position of Director of Public Safety is no longer necessary or appropriate.

There was a minor discrepancy between the Code and the Charter regarding the City Manager's authority to appoint, remove, and supervise all departments of the City. This amendment clarifies that Council recommendation and/or advice for the proper administration of the City is not necessary or appropriate.

There was a minor discrepancy between the Code and the Charter regarding the designation of an Acting City Manager. This amendment clarifies that both the City Council and the City Manager have certain authority to designate a qualified administrative employee to provide coverage in the City Manager's absence.

POLICY EXPLANATION:

Article IV of Bastrop's Home Rule Charter, the City Manager is responsible as the chief administrative officer for the proper administration of the city including the appointment, removal, and supervision of all departments of the City.

Article III of Bastrop's Home Rule Charter, the City Council has the authority to establish, consolidate, or abolish administrative departments.

Article IV of Bastrop's Home Rule Charter, both the City Council and the City Manager have certain authority to designate a qualified administrative employee to provide coverage in the City Manager's absence.

STAFF REPORT

MEETING DATE: December 8, 2020

AGENDA ITEM: 9G

TITLE:

Consider action to approve Resolution No. R-2020-122 of the City Council of the City of Bastrop, Texas, requiring a Professional Service Agreement be executed with NEU Community Bastrop LLC for the continued review of the NEU Community Bastrop Public Improvement District and NEU Community Bastrop Development Agreement, as attached in Exhibit A; authorizing the City Manager to execute necessary documents; providing for a repealing clause; and establishing an effective date.

STAFF REPRESENTATIVES:

Trey Job, Assistant City Manager of Development Services
Jennifer C. Bills, Assistant Planning Director

BACKGROUND/HISTORY:

On November 10, 2020, City Council received a presentation from Jonathan Jenkins to introduce City Council to the NEU Communities Development proposal for a 410-acre tract adjacent to the city limits to the west of FM 969. Mr. Jenkins also presented Council with a petition to create a Public Improvement District and requested a Public Hearing to create the PID on the December 8, 2020 meeting so he would be able to close on the property. City Council instructed staff to work with Mr. Jenkins to see if an adequate review and recommendation could be provided by December 8.

The City has a budget policy that requires cost of service for the review and approval of development applications be covered by the applicant through fees, as established in the Code of Ordinances. For the submittal of the application, review and processing of public notices, the City received \$26,506 for the Public Improvement District request and \$3,406 for the Development Agreement, in accordance with the adopted fee schedule in Appendix A of the Bastrop Code of Ordinance. Article 1.14 of the Code also establishes a process for charging the costs for professional services to provide assistance from engineering, planning, legal, technical, or environmental consultants chosen by the City to facilitate the review of applications or submissions.

With the PID and Development Agreement, the City has already employed financial and legal advisors to provide assistance with the technical review of the agreements and will continue to do so if this project moves forward. It is anticipated that utility studies and engineered plans will also need to be created and reviewed by engineering and utility consultants.

If funds are not provided, review of NEU Community Bastrop Public Improvement District and Development Agreement will be terminated or suspended, per Article 1.14.

FUNDING SOURCE:

An initial payment of \$26,000 will be required upon the execution of this agreement. When the PID boundary is created, an additional \$100,000 will be required. These funds will be escrowed an account separate from other city funds. The applicant will be provided with copies of the city fee invoices as funds are withdrawn. Upon the completion of the project, as defined in the agreement, remaining funds will be returned to the applicant.

POLICY EXPLANATION:

Article 1.14 – Professional and Consulting Fees

Sec. 1.14.001 - Charges for consulting services established.

- 
- (a) The City Manager, or his designee, in the review of any planning, development or other application or submission to the city may seek and retain professional assistance regarding the application and/or submission from an engineering, planning, legal, technical, or environmental consultant selected by and/or employed by the city ["Consultant(s)"], as is deemed necessary, to facilitate the review of the application or submission.
 - (b) Professional fees and related charges incurred by the city for the services of the consultant(s) shall be in accord with the charges customarily made for such services in the county, and shall be provided pursuant to an agreement to retain such consultant(s) by and between the city and such consultant(s).
 - (c) The individual or entity that provides an application or submission to the city that necessitates review by consultant(s) shall reimburse the city for all reasonable costs incurred in the use of the consultant(s) within thirty (30) days of being provided a copy of a professional fee invoice, or as otherwise agreed by the City Manager. The professional consultant(s)'s fees are assessed in addition to any and all other fees required by other law, rule, or regulation of the city code.
 - (d) An application or submission to the city may be deemed incomplete, and review by the city terminated or suspended, if any professional fees and costs related to the consultant(s)'s work remain outstanding and owed to the city.

RECOMMENDATION:

Consider action to approve Resolution No. R-2020-122 of the City Council of the City of Bastrop, Texas, requiring a Professional Service Agreement be executed with NEU Community Bastrop LLC for the continued review of the NEU Community Bastrop Public Improvement District and NEU Community Bastrop Development Agreement, as attached in Exhibit A; authorizing the City Manager to execute necessary documents; providing for a repealing clause; and establishing an effective date.

WHEREAS, the City and the Developer desire to negotiate a development agreement to provide for terms and conditions related to the Project (the "Development Agreement"); and

WHEREAS, the City and the Developer recognize and agree that the City will incur fees and associated expenses and costs for professional services for work to negotiate, develop, draft, and consider various concepts and documents in connection with its consideration of the PID and Development Agreement, including but not limited to the following: appraisal, legal publications, notices, public hearing expenses, attorney's fees, assessment administrator fees and special consultant fees (collectively, the "Professional Services"); and

WHEREAS, the City and the Developer recognize and agree that the fees anticipated to be incurred by the City for Professional Services directly related to the Project cannot be recouped by the City through standard administrative or permit fees; and

WHEREAS, the City's engagement of professionals to perform the Professional Services and its participation in the undertakings described above are voluntary and of value to the Developer and the Developer desires to reimburse the City's fees and expenses related to the Professional Services.

NOW THEREFORE, in consideration of the mutual promises set forth in this Agreement, the City and the Developer agree as follows:

1. Recitals. The representations, covenants and recitations set forth in the foregoing recitals and in this Agreement are material to this Agreement and are hereby incorporated into and made a part of this Agreement as though they were fully set forth in this paragraph.

2. Developer Payment.

- (a) Delivery. Developer shall deliver, or shall have delivered, to the City the sum of \$26,000.00 upon the effective date of this Agreement, and shall deliver to the City an additional sum of \$100,000.00 upon the formation of the PID (the "Developer Payment") to pay for the Professional Services and the related expenses incurred by the City.

STAFF REPORT

MEETING DATE: December 8, 2020

AGENDA ITEM: 9H

TITLE:

Hold public hearing and consider action to approve Resolution No. R-2020-123 of the City Council, of the City of Bastrop, Texas, authorizing the creation of the NEU Community Bastrop Public Improvement District within the City of Bastrop, pursuant to Chapter 372 of the Texas Local Government Code, as shown in Exhibit A, establishing findings of fact, authorizing and directing the publication of notice; and establishing an effective date.

STAFF REPRESENTATIVES:

Trey Job, Assistant City Manager of Development Services
Jennifer C. Bills, Assistant Planning Director

BACKGROUND/HISTORY:

On November 10, 2020, City Council received a presentation from Jonathan Jenkins to introduce City Council to the NEU Communities Development proposal for a 410-acre tract adjacent to the city limits to the west of FM 969. Mr. Jenkins also presented Council with a petition to create a Public Improvement District and requested a public hearing to create the PID at the December 8, 2020 meeting so he would be able to close on the property. City Council instructed staff to work with Mr. Jenkins in order to see if an adequate review and recommendation could be provided by December 8.

A Public Improvement District is a special funding district that a city can create under Texas Local Government Code Chapter 372. The statute allows for a city or county to levy a special assessment against properties within the District to pay for improvements to the properties within the District. The city can authorize the creation of the PID, which is managed by a Local Government Corporation with oversight by a board appointed by the City Council. The City authorizes the issuance of the bonds to the LGC, but the debt is paid through a Service and Assessment Plan by the eligible property within the PID. Once a district has been defined and created, the SAP and several other agreements must be in place before any bond debt can be issued.

After the submittal of the petition, the applicant submitted a Memorandum on Intent for the PID (Attachment 1), NEU Bastrop Proposed timeline (Attachment 2), NEU Bastrop Term Sheet (Attachment 3), PID Financial Analysis for the Commercial Annexed into the City Limits (Attachment 4), and PID Financial Analysis for the Mixed Use Residential Not Annexed into the City Limits (Attachment 5) on November 20, 2020.

Per Section 372, in order to establish the PID, the City must hold a public hearing on the advisability of the improvement and makes findings by resolution as to the following:

- 1) the advisability of the improvement;
- 2) the nature of the improvement;
- 3) the estimated cost of the improvement;
- 4) the boundaries of the public improvement district;
- 5) the method of assessment; and
- 6) the apportionment of costs between the district and the municipality or county as a whole.

FINANCIAL ANALYSIS:

City Staff consulted with the City's financial advisory service, Special Public Finance, Inc., and PID consultant, P3Works, LLC, who are both experienced with reviewing and establishing PIDs. After reviewing the financial analysis and timeline provided by the applicant, they have submitted a memorandum detailing consideration for the City (Attachment 6).

Within the terms of the PID, the applicant is asking for up to \$95,000,000 in financing to build the public improvements allowed by state law. At this time, the developer has not submitted a project cost that specifies what improvements will be covered with the district. This debt will be owned by the PID and managed by the Local Government Corporation with City oversight. However, the City will take on a risk to our ability to issue bonds and future credit rating if the project is slow to produce revenue or is unsuccessful. Ratings consider four areas: the economy, financial performance, debt levels, and management of the city. The City approving a high-risk or unproven development type that struggles may reflect negatively on our reputation when financing future City projects. With this in mind, there are several items that should be studied in more detail before establishing the PID boundaries and terms.

- More information on the details of the project:
 - The project is presented to be self-developed with a unique product type. The commitment of third-party developers provides assurance for potential bond investors. Investors will need more information when choosing if to finance as underwriting may be problematic.
 - The commercial uses may not be able to be included in the assessment.
- Project budget was not included for analysis.
- Marketability of the bonds is a primary concern to the City.
- Proposed timeline has all assessment plans and agreements approved in March and debt issued by April 1, 2021. A four-month timeline to complete all the required analysis and agreements to issue bonds is very fast. A typical PID takes 8-12 months to properly review and market bonds.

The developer has submitted a draft PID Dissolution Agreement (Attachment 7) that they have offered as an option to mitigate the risk to the City. With the agreement in place, if the first issuance of the PID Bonds or a levy of special assessments does not occur by January 1, 2022, the City can take action to dissolve the PID. An executed agreement will need to be submitted place as a condition of approving the creation of a PID.

DEVELOPMENT AGREEMENT:

Along with the PID Petition, the applicant has submitted a complete Development Agreement application, with all exhibits and required review fee on November 18, 2020. Planning and legal staff responded with the first review comments on November 20, 2020 and received response comments back from the applicant on November 24, 2020. Upon review of the current draft, the Assistant City Manager, Assistant Planning Director, and City Attorney are not prepared to recommend approval of the Development Agreement. The following agenda item contains a detailed review of the outstanding issues and concerns.

PLANNING DEPARTMENT RECOMMENDATION:

After careful review of the submitted documents for the creation of the PID, with taking into account the input of the City's financial advisor, PID consultant, and legal staff, the Planning Director and Assistant Planning Director are recommending to deny the creation of the PID until more information has been submitted and reviewed by Staff.

Considering the six findings of Section 372 of the Texas Local Government Code, staff provides the following:

1) the advisability of the improvement

The creation of PID is not without risk or cost to the City. The future ability to fund City projects and infrastructure, as well as support future financing districts could be put at risk for a developer that does not have a marketable project and proven track record of repayment to investors. The City will also take on cost of oversight and administration of the Local Government Corporation by City Staff. A development should provide a benefit to the City significant enough to offset the risk and cost. With the outstanding items outlined in this report, as well as concerns with the Development Agreement, creating the PID at this time is premature.

2) the nature of the improvement

Planning Staff has outstanding questions and significant concerns about the Concept Plan included in the Development Agreement. Without a better understanding on the development's uses, streets, parkland, and utility infrastructure, we do not have a clear understanding on the nature of the improvements to be funded or how they will be maintained.

3) the estimated cost of the improvement

A project cost was not included with the financial analysis. The terms submitted included a blanket cost not to exceed \$95,000,000.

4) the boundaries of the public improvement district

The boundaries as established for this public hearing are acceptable. The developer is requesting the ability to add an additional 20% to the area of the PID in the future in the Development Agreement.

5) the method of assessment

The commercial uses included need further examination or explanation, as they may not be an allowable assessment, or may be uses that cannot be easily assessed creating marketability issues for the bonds.

- 6) the apportionment of costs between the district and the municipality or county as a whole.

No breakdown of costs that may be incurred by the City over the life of the PID have been presented, however the Terms Sheet states that initial costs will be paid for by the developer or with, PID Bond proceeds and ongoing administrative costs will be paid annually through special assessments.

FUNDING SOURCE:

To date, the applicant has paid \$26,506, which covers city staff time, resources, and public notification requirements. To continue with the creation of the PID, creation of the required agreements and studies required to issue bonds, a Professional Service Agreement to cover the costs will be required to cover City costs, per Article 1.14 of the Bastrop Code of Ordinances.

POLICY EXPLANATION:

The City of Bastrop does not have an adopted Public Improvement District policy or process, so all requirements default to the requirements of the Texas Local Government Code, Section 372 – Improvement District in Municipalities and Counties

A Public Improvement District (PID) is a special district created by a City or County under the authority of Chapter 372 of the Texas Local Code. The statute allows for a city or county to levy a special assessment against properties within the District to pay for improvements to the properties within the District.

Public improvement projects may include:

- 1) landscaping
- 2) erection of fountains, distinctive lighting, and signs
- 3) acquiring, constructing, improving, widening, narrowing, closing, or rerouting of sidewalks or of streets, any other roadways, or their rights-of-way
- 4) construction or improvement of pedestrian malls
- 5) acquisition and installation of pieces of art
- 6) acquisition, construction, or improvement of libraries
- 7) acquisition, construction, or improvement of off-street parking facilities
- 8) acquisition, construction, improvement, or rerouting of mass transportation facilities
- 9) acquisition, construction, or improvement of water, wastewater, or drainage facilities or improvements
- 10) the establishment or improvement of parks
- 11) projects similar to those listed in Subdivisions (1)-(10)
- 12) acquisition, by purchase or otherwise, of real property in connection with an authorized improvement
- 13) special supplemental services for improvement and promotion of the district, including services relating to advertising, promotion, health and sanitation, water and wastewater, public safety, security, business recruitment, development, recreation, and cultural enhancement
- 14) payment of expenses incurred in the establishment, administration, and operation of the district
- 15) the development, rehabilitation, or expansion of affordable housing.

PUBLIC NOTIFICATION:

Per the Texas Local Government Code, Section 372.009, a notice of the public hearing was placed in the November 20, 2020 Austin American Statesman and a mailed notice was sent to the one property owner subject to the PID assessment on November 18, 2020. No mailed notice was sent to surrounding property owners, as the City and the Local Government Code has no mailed notice requirements.

At the time of this report, no responses have been received.

RECOMMENDATION:

Hold public hearing and consider action to **deny** a Resolution R-2020-123 of the City of Bastrop, Texas, authorizing the creation of the NEU Community Bastrop Public Improvement District within the City of Bastrop, pursuant to Chapter 372 of the Texas Local Government Code, as shown in Exhibit A, establishing findings of fact, authorizing and directing the publication of notice; and establishing an effective date.

- (e) Proposed Method of Assessment. An assessment methodology will be prepared that will address: (i) how the costs of the Authorized Improvements financed with the assessments are assessed against the property in the District, (ii) the assessments to be collected each year, and (iii) reduction of the assessments for costs savings (pursuant to the annual review of the service plan for the District). The Service Plan and Assessment Plan for the District, as those plans are defined in Sections 372.013 and 372.014 of the Texas Local Government Code, and which may be combined into a single “**Service and Assessment Plan**”, will show how the costs of the Authorized Improvements are to be assessed to property on the basis of the special benefits accruing to property in the District.

The assessment methodology will result in each parcel paying its fair share of the costs of the Authorized Improvements provided with the assessments based on the special benefits received by the property from the Authorized Improvements and property equally situated paying equal shares of the costs of the Authorized Improvements.
- (f) Apportionment of Cost between the City and the District. Approval and creation of the District will not obligate the City to provide any funds to finance the proposed Authorized Improvements. All of the costs of the proposed Authorized Improvements will be paid by issuance of bonds secured by, or directly by, assessments of the property within the District and from other sources of funds, if any, available to the owner of the Land.
- (g) Management of the District. The District shall be managed by the City. The City may contract with a consultant or third-party administrator, who shall, from time to time, advise the City regarding certain operations of the District.
- (h) Advisory Body. The District shall be currently managed without the creation of an advisory body. The City Council reserves the right to appoint an advisory body in the future.

SECTION 3. The NEU Community Bastrop Public Improvement District is hereby authorized and created as a Public Improvement District under the Act in accordance with the findings as to the advisability of the Authorized Improvements contained in this Resolution.

SECTION 4. The City's staff is directed to give notice of the authorization for the establishment of the NEU Community Bastrop Public Improvement District by publishing a copy of this Resolution once in a newspaper of general circulation within the City. Such authorization shall take effect and the NEU Community Bastrop Public Improvement District shall be deemed to be established effective upon the publication of such notice. The NEU Community Bastrop Public Improvement District shall exist until dissolved or terminated as provided by law.

SECTION 5. This Resolution shall take effect immediately from and after its passage and it is accordingly so resolved.

Re: NEU Public Improvement District

As we have discussed, the starting point for the implementation of the planned Public Improvement District (“PID”) for the NEU Bastrop mixed-use master planned community is for the City of Bastrop (“the City”) to formally create the PID. Based on information provided by the City, the public hearing required per the statute for the formation will be set for the December 8, 2020 City Council meeting.

It is critical for all parties to understand that in creating the PID, the City is not providing any financial or legal commitments to NEU at that time but is merely creating a boundary line for the PID. In essence, it is drawing a line on the map indicating that the property in question is now within the boundaries of a PID. No financial or legal obligation occurs until the City or County agree to levy an assessment on the property.

We understand that the City has raised some concerns regarding the proposed PID given that its experience with the Hunters Crossing PID, as formed in 2003, has been, at best, mixed. The Hunters Crossing PID was formed prior to the PID Statute being significantly revised and amended in 2009 in order to clarify prior inconsistencies in the law.

Given that the proposed NEU Bastrop PID will be organized with the intention of having PID Bonds issued, there will be a thorough review by the Texas Attorney General’s Office prior to any bonds being issued which will ensure full compliance with the applicable laws and any errors associated with Hunters Crossing will not be repeated. The significant increase in the use of PIDs (> \$1.1 billion in bonds issued without default) since the amendment to the PID Act in 2009 also should give the City Council more comfort that this process will be implemented properly.

As presently envisioned, the NEU Bastrop development will provide a significant amount of benefits to the City without the City taking on any financial or legal exposure. These benefits include:

- Significant improvements to transportation connectivity through the extension of Blakey and Highway 20.
- Annexation of commercial land uses permits City to receive both property taxes and sales and hotel occupancy use tax revenues with limited demand on City services.
- Non-annexation of significant portions of residential land eliminates the need for the City to provide services (EMS, Fire, Police, Road Maintenance, etc.) to those homes.
- City will be provider of all wastewater and water services and will be the recipient of associated revenues while NEU is responsible for funding the construction of all on-site infrastructure.

Mr. Jonathan Jenkins

November 20, 2020

Page 2

- Non-annexation of significant portions of residential land eliminates the potential conflict of city residents in different parts of the City having differing total property tax related burdens such as exists with Hunter's Crossing.
- The City can be expected to generate significant sales tax revenues from those residents who will be doing their primary shopping within the city limits.
- The City can also be expected to generate significant sales tax revenues from non-residents, including both tourists and workers, who will be utilizing/staffing the commercial and recreational components of the project located within the City limits.
- The project will include a significant and accessible public park at no cost to the City for either construction or maintenance.
- The planned construction of a new indoor recreational facility and indoor pool will provide significant recreational amenities to the public without the City bearing any construction costs.
- The planned Ag Tech incubator facility will create additional economic development opportunities.

**DEVELOPER'S PROPOSED TERMS
CITY OF BASTROP, TEXAS
NEU BASTROP PUBLIC IMPROVEMENT DISTRICT
11/20/20**

The following limitations and performance standards will apply to the proposed NEU Bastrop Public Improvement District (the "PID") as proposed by affiliates of NEU Bastrop Community LLC ("the Developer") to the City of Bastrop, Texas ("the City") in connection with the development of approximately 400 acres as the NEU Bastrop mixed-use development ("the Project"):

PUBLIC IMPROVEMENT DISTRICT

FINANCING CRITERIA

1. **Maximum Authorized Improvements to be funded by PID bonds ("PID Bonds") to be issued are estimated to be:** \$95,000,000
2. **Maximum total equivalent tax rate per \$100 of assessed value for annual installment at time special assessments are levied:** \$2.99
3. **Maximum years of capitalized interest:** 2
4. **Maturity of bonds (to extent allowed by law):** 30 years
5. The aggregate principal amount of bonds required to be issued will not exceed an amount sufficient to fund: (i) the actual costs of the qualified public improvements (ii) required reserves and capitalized interest during the period of construction and not more than 12 months after the completion of construction and in no event for a period greater than 3 years from the date of the initial delivery of the bonds and (iii) any costs of issuance. Provided, however that to the extent the law(s) which limit the period of capitalized interest to 12 months after completion of construction change, the foregoing limitation may be adjusted to reflect the law(s) in effect at the time of actual bond issuance.

MISCELLANEOUS

1. **No General Obligation or Certificate of Obligation bonds will be utilized by the City to fund the PID.**
 2. **No PID bonds will be issued without the approval by the City of a Service and Assessment Plan ("SAP") for the PID.**
 3. The PID may seek bond issues either in advance of construction of any Authorized Improvements or as a reimbursement for Authorized Improvements upon completion of the construction of such Authorized Improvements subject to compliance with these standards.
-

4. Special assessments on any given portion of the Project may be adjusted in connection with subsequent PID Bond issues as long as the special assessments are determined in accordance with the SAP. Special assessments on any portion of the Project will bear a direct proportionate relationship to the special benefit of the public improvements to such portion. Scheduled special assessments will not be increased on any lot once conveyed to an end user.
 5. All of the City's reasonable and customary costs with respect to issuance of the PID Bonds and creation of the PID will either be funded by the Developer or paid from PID Bond proceeds. The City and the Developer will agree to a budget for the City's costs, including ongoing PID administrative expenses, in advance of the preparation of bond documents. Ongoing administrative costs of the PID will be paid through the annual installments of the special assessments and will be determined by a competitive bidding process from qualified service providers.
 6. It is agreed that the PID will be exempt from any public bidding or other purchasing and procurement policies per Texas Local Government Code Section 252.022(a)((9) which states that a project is exempt from such policies if "paving drainage, street widening, and other public improvements, or related matters, if at least one-third of the cost is to be paid by or through special assessments levied on property that will benefit from the improvements."
 7. It is agreed that the improvements to be funded by the PID are defined as Authorized Improvements under Texas Local Government Code Section 372.003.
 8. It is agreed that all principal landowners funding Authorized Improvements will provide any required continuing disclosure obligations associated with the issuance of PID Bonds as required under the PID Bond indenture or any other regulatory agreement or regulatory agency.
 9. The appraiser preparing the appraisal required in connection with the PID Bonds will be selected by the City in consultation with the Developer and all reasonable fees will be paid by the Developer.
 10. The underwriter for the PID Bonds will be selected by the City and the Developer.
 11. No additional cash deposit, security or surety, beyond the land and any improvements on the land, will be provided by the Developer, or its assignees, in connection with the PID Bonds unless so required by the Underwriter for the PID Bonds.
 12. PID Bonds will be issued by the City upon request by the Developer and approval by the City Council following: receipt of an appraisal, financial analysis, and other professional services and due diligence reasonably necessary to support the request.
 13. This term sheet will remain in place and in force until such time and date that a final Financing Agreement is executed by the City and the Developer.

Re: NEU Bastrop PID Considerations

As a follow up to our conference call and review of the NEU Bastrop PID materials, the following summarizes the comments from Jon Snyder and me. PIDs carry some unique opportunities as well as considerations as the City would potentially sell non-recourse revenue debt that would be secured by assessment revenue within the District.

One of the areas to consider is the proposed non-recourse revenue debt is not secured by property tax however it would not preclude a bond rating from being negatively affected if the project struggles or fails and a rating agency construed or took the position that management of the city approved a financing that at the outset had risks or challenges that were ignored or overlooked and resulted in the project not meeting projections. This exposure is not limited to city issued non-recourse revenue debt but would also be possible if using a development or public facilities corporation structure. Even though the debt is non-rated the rating agencies could take the position that certain actions should be reflected on the City's General Obligation credit. This is remote if the PID is structured properly but should still be considered by the City on a project-by-project basis. Ratings consider four areas which are the economy, financial performance, debt levels and management of the City.

In addition to the rating considerations, some additional areas to consider or examine are the following:

- Based on our understanding of the project, if 3rd party builder contracts are not part of the plan then underwriting of the bonds could be problematic,
- Based on the financials presented, commercial uses that are projected to be assessed need further examination or explanation (AG tech farm, sports complex, hotel, solar farm, school),
- No budget was included,
- For Improvement Area #1, it is expected the developer will fund at least \$11,140,000 in infrastructure, further discussion will be needed on how the City will get comfortable with the developer completing these costs.
- If moving forward, discussions with an underwriter, selected by the City, should take place to consider the marketability of the bonds to the limited field of investors that exists in today's PID market.

Please let Jon or me know if you have any questions regarding our initial review of the NEU Bastrop PID.

STAFF REPORT

MEETING DATE: December 8, 2020

AGENDA ITEM: 9I

TITLE:

Consider action to approve Resolution No. R-2020-124 of the City Council of the City of Bastrop, Texas, approving a development agreement for NEU Community Bastrop LLC on 410.599 acres of the Nancy Blakey survey, Abstract A-98, as attached in Exhibit A; authorizing the City Manager to execute all necessary documents; and establishing an effective date.

STAFF REPRESENTATIVE:

Trey Job, Assistant City Manager

BACKGROUND/HISTORY:

At the November 10, 2020 Regular City Council Meeting the City Council heard a presentation from Jonathan Jenkins with NEU Communities. Mr. Jenkins provided a petition for the creation of a Public Improvement District (PID) as well. He has asked the we consider its approval at the December 8, 2020 meeting.

In addition to the creation of a PID a development agreement needs to be approved. The purpose of the NEU Development Agreement is to work out the details on items such as: utilities, street maintenance, parks, annexation and land uses. Generally, those details are established by code for development in the city limits. Staff is on the second review of the development agreement provided.

The development agreement has several key points that require careful review to ensure the community vision is met. We have determined the narrow application of what is being proposed conflicts with Bastrop's visioning documents such as the comprehensive plan, the master transportation plan, and applicable chapters within the B3 Codes.

To summarize the significant concerns, the amount of detail required to receive a favorable recommendation from staff is simply not there. Because of the lack of detail our Financial Advisor, City Attorney and the PID administration consultant have said there is a significant amount of risk in moving forward until more detail is provided. From a planning staff standpoint, the proposed vision of the NEU community doesn't meet the policy direction provided by this City Council.

Included in the staff report is a memo from Assistant City Manager Job that provides a more detailed analysis of the sections in the attached draft development agreement.

**NEU COMMUNITY BASTROP
DEVELOPMENT AGREEMENT**

THE STATE OF TEXAS

§

§

COUNTY OF BASTROP

§

This **NEU Community Bastrop Development Agreement** (this "**Agreement**") is made and entered into by and among the **CITY OF BASTROP, TEXAS**, a home rule city (the "**City**"), and **NEU COMMUNITY BASTROP LLC**, a Texas limited liability company, and its successors and assigns (collectively herein referenced as the "**Owner**", which term is further defined in Section 11.01). The City and Owner are sometimes each individually herein revered as a "**Party**" and sometimes collectively herein referenced as the "**Parties**".

B. Owner plans to develop a mixed-use development (the "**Project**") as generally depicted on the Concept Plan attached as **Exhibit "B"**.

C. Owner and the City intend that the Project be developed as a high-quality, mixed-use development, including residential, commercial and civic uses, as well as parkland, open space, and other amenities pursuant to development regulations contained in this Agreement.

D. Owner and the City have held discussions regarding the long-term development of the Property, and desire to define, protect and clarify the City's jurisdiction and regulatory authority with respect to the Project through this Agreement.

E. The City intends to use its discretion to create a public improvement district (the "**PID**"), which will cover the Property and will provide infrastructure to support the Project in a financially feasible manner in accordance with Chapter 372 of the Texas Local Government Code (the "**PID Act**") and all other applicable state law.

NOW, THEREFORE, for and in consideration of the mutual agreements, covenants, and conditions contained in this Agreement, and other good and valuable consideration, the City and Owner agree as follows:

ARTICLE I. RECITALS

Section 1.01. The recitals set forth above are true and correct and are incorporated herein and

Commented [TJ1]: The survey is not signed.

Commented [TJ2]: Exhibit (B) doesn't meet the grid requirement or the street work plan described in the Ch. 5 update to the Master Transportation Plan.

The Master Transportation Plan recommends a grid-like pattern of primary and local streets, with major block spacing based on the traditional Bastrop farm lot (approximately 715 feet by 715 feet). This transportation planning approach not only benefits route choice, but also minimizes congested roadway corridors.

A hierarchical street system such as the one shown in exhibit B typically funnels traffic onto just a few major arterial roadways for most trips, and these arterials can become overly congested during peak travel times.

The city's Street Network Plan will mitigate concentrated traffic congestion by dispersing traffic and offering travel options.

The City of Bastrop spent a considerable amount of time mapping a grid network and is considered the minimum required level of connectivity and provides a high degree of flexibility for development types within the street pattern. Development is encouraged to provide additional connectivity within the mandatory grid that may include additional local streets, trails, or pedestrian pathways.

Additionally, the exhibit B does not give enough detail on final ownership of the street. What will be public vs private?

Chapter 7 of the comprehensive plan (Parks) maps 7-B and 7-C depicts the need for a park in the area. However, it suggests the not only a regional park but several neighborhood park as well. This can be achieved by the grid network breaking up the land and providing multiple neighborhood within the development. There are studies that show proximity to parkland can increase property values by as much as 20%.

Commented [TJ21]: The collectors are not defined in the exhibit.
The 20% increase in dwellings is not shown on the exhibit.

Jonathan Jenkins

inspected and approved/permitted by the City/County. The Owner may "prairie build" ~~for~~ up to a total of 5 model homes and 5 spec homes per phase of the Project prior to the City's acceptance of infrastructure (including utilities) ~~however, the owner but~~ shall obtain a building permit from the City ~~and limit occupancy to temporary until basic health and safety concerns can be removed to the satisfaction of the building official. County.~~

The Association regulations will establish periodic Association dues and assessments, to be charged and paid by the lot owners in the Project.

Commented [TJ27]: Would it just be easier to have the ACC sign off on the improvements before a building permit is submitted? If it is approved at the ACC and not the City what happens?

Section 5.08 Fire Services. Owner understands that the City does not currently provide fire protection services. Fire protection services are provided by Bastrop County Emergency Services District No. 1. The ~~owner~~ Owner agrees to ~~petition Bastrop County ESD 1 to remove fire protection services from the project area and request~~ waive services from the City of Bastrop Fire Service for all of the ~~property that will has petitioned for annexation~~ Property.

The City agrees to approve the Site Development Plan prior to submittal and approval of the Predecessor Process Documents.

Within ninety (90) days of approval of the Site Development Plan, the Owner agrees to initiate the remainder of the development process by submitting the Predecessor Process Documents to the City for concurrent review and approval. The City agrees to administratively approve the Predecessor Processes Documents provided they maintain conformance with the approved Site Development Plan.

Commented [JB32]: Think this should include all development processes (platting, site plan, building), default give them the all prelims together, all finals reviewed together agreement waives HB 3167 shot clock.

Commented [AB33]: Agreement needs to waive the HB 3167 shot clock.

Bastrop Construction Standards Manual, Exhibit "G-3a" and "G-3b" illustrate how the roadway system within portions of the Property follow the intent of the City's transportation grid system.

Section 8.02 Dedication of Roadways. Owner shall dedicate all roadways within the Project to the CityCounty; however as noted above, many of the roadways may be privately maintained. Except for the Highway 20 Extension and Blakey Road Extension more particularly described below which will be maintained by the authority having jurisdiction once dedicated, all roadways within the Project, once dedicated, shall be maintained by the Association or the County.

Commented [AB35]: There is a question of who the roadways should be dedicated to and when. That can be determined at the time of platting, for example.

Section 8.03 Highway 20 Extension/Blakey Road Extension

(a) By constructing the Highway 20 Extension (defined below) and the Blakey Road Extension (defined below), the Owner is following the City's Transportation Plan. The Parties acknowledge and agree that these roadway extensions are needed for public safety reasons and will be built to engineering standards required by the County.

(c) The Owner intends to work with the County to obtain any rights of way or easements needed to accommodate the construction of the Highway 20 Extension and /or the Blakey Road Extension. It is intended that the County will use its powers of eminent domain to acquire any rights-of-way or easements.

Notwithstanding the foregoing, to the extent needed or applicable, the City will make available, at no cost to Owner, the right to use any rights of way or easements held by the City to accommodate Owner's construction of the Highway 20 Extension and /or the Blakey Road Extension. Recognizing the regional benefit to the City and its residents accruing from the construction of the above referenced roadway extensions, if offsite easements are required and Owner is unable to obtain all required easements/right of way, upon written request and documentation of a good faith effort, the City will use best efforts to assist with easement/right of way acquisition, including working with the County to exercise the County's power of eminent domain.

Commented [AB39]: There is a question as to whether the City can broadly grant such access to its easements. Might take refinement of this language.

ARTICLE IX. **ANNEXATION**

Commented [AB40]: This topic warrants broader discussion by the Parties.

Section 9.01 Annexation by City. Owner and the City hereby agree to the annexation of the Property into the City's corporate city limits, as permitted by Section 212.172(b) (7) of the Texas Local

Contemporaneously with the annexation of portions of the Commercial Property into the City's corporate city limits, the City will zone such annexed portions of the Commercial Property in a manner consistent compatible with the City's current land use regulations described in Section 4, including Exhibit "B", Exhibit "F", and the terms and waivers of this Agreement. and any and all non-conforming uses shall remain allowed until they are discontinued.

Commented [AB41]: This language warrants further discussion and wordsmithing. At what point is it in the financial best interests of the City to annex the property? What are the Developer's concerns regarding timing? How about the future property owners?

Commented [TJ42]: Can't we just say something like (the zoning will be in a manner that is most compatible with the city's current land use regulations?) and that all non-conforming uses are allowed until they are discontinued.

Commented [TJ43]: Incomplete data

ARTICLE X.
PUBLIC IMPROVEMENT DISTRICT

Section 10.01 Public Improvement District. Owner has previously submitted a petition to create a PID for the Property, and the City may, in its discretion and using its best efforts, initiate and approve all necessary documents and ordinances required to effectuate this Agreement, to create the PID, and to levy assessments generally in accordance with the terms described in Exhibit "I" attached hereto. The Owner has prepared and the City will consider the approval of the PID Financing Agreement (the "PFA") concurrently with this Agreement and thereafter the Service and Assessment Plan (defined below) providing for the levy of the assessments on the Property. The PID proceeds will be used to fund the Authorized Improvements.

Commented [TJ44]: No exhibit

Section 10.02 PID Bond Issuance. It is intended that the City will issue PID Bonds in more than one series solely for the purposes of acquiring or constructing Authorized Improvements. The Owner may request issuance of PID Bonds by submitting a Bond Issuance Request and providing the City with a list of the Authorized Improvements to be funded with the PID Bonds and the estimated costs of such Authorized Improvements. The Owner acknowledges that the City may require at that time a professional services agreement that obligates the Owner to fund the costs of the City's professionals relating to the preparation for and issuance of PID Bonds, which amount shall be agreed to by the Parties and considered a cost payable from such PID Bonds. The issuance of PID Bonds is subject to the following conditions:

Jonathan Jenkins

(1) the adoption or amendment of a service and assessment plan (the "Service and Assessment Plan") and an Assessment Ordinance levying assessments on all or any portion of the Property benefitted by such Authorized Improvements in amounts sufficient to pay all costs related to such PID Bonds;

(2) the aggregate principal amount of PID Bonds issued and to be issued shall not exceed amounts sufficient to fund the Authorized Improvements and stated in the PID Petition;

(3) each series of PID Bonds shall be in an amount estimated to be sufficient to fund the Authorized Improvements or portions thereof for which such PID Bonds are being issued;

(4) the Owner, at the request of the City, providing an appraisal and feasibility report;

(5) a minimum Value to Lien ratio of 3 to 1;

(6) approval by the Texas Attorney General of the PID Bonds and registration of the PID Bonds by the Comptroller of Public Accounts of the State of Texas; and

(7) construction (i.e. upfront) bonds may be used.

Section 10.03 PFA and SAP. The Parties acknowledge that the PFA and SAP will provide additional information on the PID and all aspects of the PID financing. The PFA and/or the SAP (as applicable) will control when in conflict with the provisions of this Agreement.

ARTICLE XI.
AMENDMENTS TO THE AGREEMENT

Section 11.01 Amendments to Agreement. This Agreement may be amended only by a written agreement signed by the City and Owner, or all the then-current owners of all portions of the Property (other than the individual owners of occupied single-family, duplex, townhomes and single family residential lots); provided, however, an owner of a portion of the Property (other than an individual owner of an occupied single family, duplex, townhouse or attached single family residential lot) and the City may amend this Agreement as it relates solely to such owner's parcel without the joinder of any other landowner, provided that the owner of the Property listed on the signature page of this Agreement (the "Original Owner") must be Party to such amendment if the Original Owner then owns any portion of the Property. In addition, as long as the Original Owner owns any portion of the Property during the first ten (10) years of the terms of this Agreement, the Original Owner and the City may amend this Agreement without the joinder of any other landowner, so long as the Original Owner continues to own Property within the Project. If this Agreement is amended for the benefit of another owner of a portion of the Property, any default under such amendment shall not constitute a default under this Agreement.

Commented [JB45]: Is this normal language? The city and Jonathan can make changes even if he's sold off/transferred 95%?

ARTICLE XII **REPRESENTATIONS AND WARRANTIES**

Section 12.01 Authority, No Conflict. This Agreement constitutes the legal, valid and binding obligation of Owner, enforceable against Owner in accordance with its terms. Owner has the authority and capacity to execute and deliver this Agreement and to perform its obligations under this Agreement.

Section 12.02 Performance. Owner and the City will reasonably cooperate with one another to accomplish the intent and purposes of this Agreement, and will perform each and all of its respective duties and responsibilities pursuant to this Agreement.

Section 12.03 Organization and Good Standing. The Owner is a duly organized and validly existing limited liability company and is in good standing under the laws of the State of Texas, with full power and authority to conduct its business as it is now being conducted, to own or use the properties and assets that it purports to own or use, and to perform all its obligations under this Agreement. The City is a duly organized and validly existing municipal corporation in good standing under the laws of the State of Texas, with full power and authority to conduct its business as it is now being conducted, to own or use the properties and assets that it purports to own or use, and to perform all its obligations under this Agreement.

Section 12.04 Authority, No Conflict. This Agreement constitutes the legal, valid and binding obligation of the City, enforceable against the City in accordance with its terms. The City has the absolute and unrestricted right, power, authority, and capacity to execute and deliver this Agreement and to perform its obligations under this Agreement.

ARTICLE XIII **DEFAULT AND REMEDIES FOR DEFAULT**

Section 13.01 Preventative Default Measures. The Parties presently enjoy a good working relationship and understand the meaning and intent of this Agreement; however, the Parties recognize that individual representatives of each of the Parties will likely change over the course of this Agreement. The City agrees that day-to-day oversight of the implementation of this Agreement shall at all times during the Term be assigned directly to the Assistant City Manager of Development Services. In the event of a dispute involving an interpretation or any other aspect of this Agreement, upon Owner's request, the Assistant City Manager shall convene a meeting of the Parties as soon as reasonably practical and use all reasonable efforts to avoid processing delays and to resolve the dispute and carry out the spirit and purpose of this Agreement.

Section 13.02 Default. It shall be a default under this Agreement if either Party shall fail to perform any of its obligations under this Agreement or such failure shall remain uncured following the expiration of thirty (30) days after written notice of such failure from the other Party. However, in the event the default is of a nature that cannot be reasonably cured within such thirty (30) day period, the defaulting Party shall have a longer period of time as may be reasonably necessary to cure the default in question.

Jonathan Jenkins

Section 13.03 Default Unique to the City. In addition, the City shall be in default under this Agreement if, after reasonably adequate time for review and processing, City staff unreasonably withholds the release of any proposed development permit or approval, utility service extension request and/or development application with respect to the Project that complies with the terms of this Agreement and that the City's staff is authorized to approve administratively. The failure or refusal of the City Council or any board or commission of the City to timely approve any such amendment, modification, permit or application that is consistent with this Agreement and the Applicable Requirements shall constitute a default under this Agreement. The City shall also be in default if it imposes any requirements, standards, moratoria, or interim development controls upon the Project that are in conflict with or limit the express provisions of this Agreement. The City shall not, however, be in default based upon the imposition of requirements, standards, moratoria, interim development controls or temporary moratoria that are required by the Applicable City Code, a state or federal law, rule, regulation or administrative directive outside of City's control, or due to an emergency constituting a threat to the public health or safety, provided that any such requirement, standard, or moratorium will continue with respect to the Project only during the duration of the emergency.

Section 13.04 Remedies Between the City and Owner. If a Party contends that the other Party is in default of this Agreement, the non-defaulting Party shall give written notice of such contention to the defaulting Party, specifying the nature of the alleged default, and allow the applicable time period for cure of the default set forth in Section 13.02 above. The defaulting Party shall either cure the alleged default timely, or if the non-defaulting Party and defaulting Party agree in writing for an extension of the time to cure, not later than the extended cure deadline, or, within the time for cure stated in the non-defaulting Party's initial notice of default, give written notice to the non-defaulting Party denying the existence of the alleged default and invoking the following dispute resolution mechanisms. First, if both Parties shall mutually agree to submit to mediation, they shall attempt to resolve the dispute amicably. If mediation is unsuccessful or if one or both of the Parties decline to engage in mediation, then either Party may institute legal proceedings in a state district court in Bastrop County, Texas, pursuing all available remedies at law or equity, including without limitation a suit for specific performance and/or a Writ of Mandamus in the event of a default by the City. All matters of fact and law shall be submitted to and determined by the court (subject to appeal). Each party shall pay its own costs and attorney fees.

Section 13.05 No Liability For Actions of Others. Except as expressly set forth herein: (a) the liabilities, obligations and responsibilities of each owner of the Property or any portion thereof, their successors and assigns, under this Agreement are several, and not joint; and (b) no owner of the Property or any portion thereof, or successor or assign, will be in default under this Agreement or otherwise liable or responsible for any default which is not caused by such landowner or by any person acting by, through or under such owner or successor or assign.

Section 13.06 Intentionally Deleted.

Section 13.07 Breach of Contract. It shall be a breach of contract if the City issues any permit (i.e., municipal approval) to the Owner, successor, or assign, and the Owner, successor, or assign builds contrary to the issued permit.

Section 13.08 No Third-Party Beneficiary. This Agreement is not intended, nor will it be

Jonathan Jenkins

construed, to create any third-party beneficiary rights in any person or entity who is not a Party.

Section 13.09 Reservation of Rights. To the extent not inconsistent with the terms of this Agreement, each Party reserves all rights, privileges, and immunities under applicable laws.

ARTICLE XIV. **ADDITIONAL LAND**

Section 14.01 Addition of Land. Owner may, in the future, desire to add all or a portion of the Additional Land to the Project boundaries and the Property that is subject to this Agreement and all subsequent amendments hereto, Owner may add (through a ~~major~~ minor amendment with approval by City Council as described in Section 5.03 above) any Additional Land that it owns or acquires to the Project and this Agreement. Owner shall provide City with an updated Concept Plan and Parks, Trails and Open Space Plan depicting the land area added. City agrees that the Additional Land shall become part of the Project which shall be subject to the terms of this Agreement. This Agreement shall be administratively amended to include the Additional Land.

Section 14.02 Permitted Use of Additional Land. Owner shall have the right to designate permitted uses for the Additional Land, which are generally consistent with the uses as shown on the Concept Plan. In the event that Owner seeks to form a PID on the Additional Land, the City shall follow the same procedures as are described in this Agreement to create a new PID for any Additional Land.

ARTICLE XV. **MISCELLANEOUS PROVISIONS**

Section 15.01 Effective Date. The Parties agree that the "Effective Date" of this Agreement shall be the date on which this Agreement is executed by both Parties.

Section 15.02 Term. This Agreement shall commence and bind the Parties on the Effective Date and continue until a date which is ~~forty~~ twenty (20) years after the Effective Date, unless sooner terminated by express written agreement executed by both Parties or an event of default causes this Agreement to terminate early or extended by express written agreement executed by both Parties (as may be extended pursuant to this Section 15.02, the "Term"). The Term shall be automatically extended for an additional twenty (20) years at the end of the original terms unless otherwise agreed to by the Owner and the City in writing.

Commented [AB46]: There are questions about whether the term should be 20 with options to renew based on ABC, ...

Section 15.03 Termination. This Agreement may be terminated as to all of the Property only by express written agreement executed by the City and Owner, or all the then current owners of all portions of the Property (other than owners of occupied single family, duplex, townhouse, or attached single family residential lots). This Agreement may be terminated as to a portion of the Property only by express written agreement executed by the City and the owners of such portion of the Property affected by the termination; provided that if Owner still owns any portion of the Property, Owner must consent in writing to such termination. In the event this Agreement is terminated by mutual agreement

Jonathan Jenkins

of the Parties or by its terms, the Parties shall promptly execute and file of record in the Official Public Records of Bastrop County, Texas, a document confirming the termination of this Agreement, and such other documents as may be reasonably appropriate to reflect the basis upon which such termination occurs.

Section 15.04 Agreement Binds Succession and Runs with the Land. This Agreement shall bind and inure to the benefit of the Parties, their successors and assigns. The terms of this Agreement shall constitute covenants running with the land comprising the Property and shall be binding on all future developers and owners of land within the Property. Nothing in this Agreement is intended to impose obligations on individual owners of platted lots, except as expressly set forth in this Agreement. A Memorandum of Agreement, substantially similar to the form of Exhibit "J" shall be recorded in the real property records of Bastrop County, Texas.

Section 15.05 Assignment.

a. This Agreement and the rights and obligations of Owner hereunder may be assigned by Owner to an affiliate of Owner or to a development single purpose entity without the consent of the City, provided that the assignee assumed all of the obligations of Owner hereunder. Upon assignment to a development single purpose entity, that entity shall be the "Original Owner" for all purposes hereof.

Commented [JB47]: Agree that the City should have the option to consent

For assignments to other than an affiliate or a development single purpose entity as provided above, Owner may, at its sole and absolute discretion, assign this Agreement as to all or a portion of the Property from time to time to any party that (i) does not owe delinquent taxes or fees to the City, (ii) is not in material default (beyond any applicable notice and cure period) under any development agreement with the City, and (iii) has the experience, expertise and the financial capacity and ability to perform the duties or obligations so assigned under this Agreement. Owner shall provide the City thirty (30) days prior written notice of any such assignment. If the City has objections to such assignment satisfying the requirements above, the City shall provide written notice of such objections to the Owner within ten (10) days of receiving the assignment notice from Owner. Owner will not be released from its obligations under this Agreement if the City objects to the assignment as described above and such objections are not resolved by and between Owner and the City; provided, however, the City shall not unreasonably withhold Owner's release from its obligations under this Agreement.

Upon such assignment, Owner shall be deemed to be automatically released of any obligations under this Agreement, as to the portion of the Property assigned.

Any assignment must be in writing, set forth the assigned rights and obligations and be executed by the proposed assignee. A copy of the assignment document must be delivered to the City.

b. The mere conveyance of a lot or any portion of the Property without a written assignment of the rights of Owner shall not be sufficient to constitute an assignment of the rights or obligations of Owner hereunder, unless specifically provided herein.

Section 15.06 Entire Agreement. This Agreement contains the entire agreement of the Parties. There are no other agreements or promises, oral or written, between the Parties regarding the

Jonathan Jenkins

subject matter of this Agreement. This Agreement can be amended only by written agreement signed by the Parties as provided for in this Agreement. This Agreement and the agreements between the Parties referenced in this Agreement, supersede all prior agreements between the Parties concerning the subject matter of this Agreement.

Section 15.07 Notice. It is contemplated that the Parties will engage in informal communications with respect to the subject matter of this Agreement. However, any formal notices or other communications ("Notice") required to be given by one Party to another by this Agreement shall be given in writing addressed to the Party to be notified at the address set forth below for such Party, (i) by delivering same in person, (ii) by depositing the same in the United States Mail, certified or registered, return receipt requested, postage prepaid, addressed to the Party to be notified, or (iii) by depositing the same with Federal Express or another nationally recognized courier service guaranteeing "next day delivery", addressed to the Party to be notified, (iv) by sending same by facsimile with receipt of confirmation or (v) by email. Notice deposited in the United States mail in the manner described above shall be deemed effective from and after the earlier of the date of actual receipt or three (3) days after the date of such deposit. Notice given in any other manner shall be effective on the date delivered, if sent by confirmed facsimile or personal delivery, or the day after deposit with a "next day delivery" service. For the purposes of notice, the addresses of the Parties shall, until changed as provided below, be as follows:

Section 15.09 Time. Time is of the essence of this Agreement. In computing the number of days for purposes of this Agreement, all days will be counted, including Saturdays, Sundays and legal holidays; however, if the final day of any time period falls on a Saturday, Sunday or legal holiday, then the final day will be deemed to be the next day that is not a Saturday, Sunday or legal holiday.

Section 15.10 Force Majeure. Each Party shall use good faith, due diligence and reasonable care in the performance of its respective obligations under this Agreement, and time shall be of the essence in such performance; however, in the event a Party is unable, due to force majeure, to perform its obligations under this Agreement, then the obligations affected by the force majeure shall be temporarily suspended. Within three (3) business days after the occurrence of a force majeure, the Party claiming the right to temporarily suspend its performance, shall give Notice to all the Parties, including a detailed explanation of the force majeure and a description of the action that will be taken to remedy the force majeure and resume full performance at the earliest possible time. The term "force majeure" means events or circumstances that are not within the reasonable control of the Party whose performance is suspended and that could not have been avoided by such Party with the good faith exercise of good faith, due diligence and reasonable care, including, without limitation, acts of God or the public enemy, war, terrorism, criminal activity, riot, civil commotion, insurrection, government or de facto governmental action or failure to act (unless caused by the intentionally wrongful acts or omissions of the Party), fires, explosions, floods, hurricanes, adverse weather, epidemic, pandemic, widespread pestilence, materials or labor shortages, strikes, slowdowns, or work stoppages. In no event shall "force majeure" apply to the payment of any sum of money.

Section 15.11 Severability. If any provision of this Agreement is illegal, invalid, or unenforceable under present or future laws, then, and in that event, it is the intention of the Parties that the remainder of this Agreement shall not be affected.

Section 15.12 Waiver. Any failure by a Party to insist upon strict performance by the other Party of any material provision of this Agreement shall not be deemed a waiver of such provision or of any other provision of this Agreement, and such Party shall have the right at any time(s) thereafter to insist upon strict performance of any and all of the provisions of this Agreement.

Section 15.13 Attorney's Fees and Court Costs. In the event that any matter relating to this Agreement results in the institution of legal proceedings by any Party to this Agreement, each Party in such proceeding shall be responsible for the expenses incurred by it in connection with such proceedings, including, without limitation, court costs and attorneys' fees.

Section 15.14 Applicable Law and Venue. The construction and validity of this agreement shall be governed by the laws of the state of Texas. Venue for any dispute arising from or related to this Agreement shall be in a Texas state district court for Bastrop County as applicable, and shall be in accordance with the Texas Civil Practice and Remedies Code.

Section 15.15 Further Assurances. Both Parties agree that at any time after execution of this

Jonathan Jenkins

Agreement, they will, upon request of the other Party, execute and deliver such further documents and do such further acts and things as may be reasonably necessary or desirable to effectuate the terms of this Agreement.

Section 15.18 Counterparts. This Agreement may be executed in multiple counterparts, which shall be construed together as a single original instrument as though all Parties had signed one instrument, and, when executed, each counterpart shall be binding upon and inure to the benefit of each of the Parties executing the instrument whether or not all other parties have executed same.

Section 15.19 Interpretation. Each of the Parties has been represented by counsel of their choosing in the negotiation and preparation of this Agreement. Regardless of which Party prepared the initial draft of this Agreement, this Agreement shall, in the event of any dispute, however its meaning or application, be interpreted fairly and reasonably and neither more strongly for or against any Party.

Section 15.20 Compliance with HB 89 and SB 252.

a. In accordance with Section 2270.002, Texas Government Code, the Owner hereby verifies that neither the Owner nor any wholly owned subsidiary, majority-owned subsidiary, parent company or affiliate of the Owner: (i) Boycotts Israel (as such term is defined in Section 2270.001, Texas Government Code) and (ii) subject to or as otherwise required by applicable Federal law, including, without limitation, 50 U.S.C. From time to time upon written request by any seller or purchaser of property within the Property, or any lender or prospective lender of the Owner or its assignees, the City shall execute a written estoppel certificate to such seller or purchaser stating, if true that the City has not given or received any written notices alleging any events of default under this Agreement.

Tree surveys will be done in phases as development progresses, as both Parties understand the desire of the Owner to create a natural forest environment. The scope of each tree survey will be mutually determined between the Owner and the City.

Memorandum

Subject: NEU Community Bastrop Development Agreement

Dear Mayor and City Council:

The City of Bastrop has very few rules in the ETJ; however, the requirements we do have are for the protection of the City of Bastrop's current and future citizens.

The main requirements are as follows:

- Compliance with the COB Storm Water Design Manual.
- Compliance with the Master Transportation Plan (a gridded street network).
- Compliance with the COB subdivision requirements found in the B3 Codes.
- Compliance with the COB Construction Standards Manual (best engineering practices to protect the city owned infrastructure)

The purpose of a Development Agreement is to authorize enforcement by the municipality of land use and development regulations other than those that apply within the municipality's boundaries (this is where we agree to make variations to our codes) as may be agreed to by the landowner and the municipality; it also provides for infrastructure for the land, including but not limited to:

- Streets and roads;
- Street and road drainage;
- Land drainage; and
- Water, wastewater, and other utility systems

Below is my evaluation of each section of the Development Agreement. It provides and an account of how NEU communities is compliant or non-compliant with city requirements.

• Article III Sec. 3.01 Jurisdiction Non-Compliant

NEU Communities is asking the City to limit its review authority of certain aspects of the permitting process (e.g. "The Site Plan and Building Plan Permits). Ordinarily that would be a reasonable accommodation in the County once all of City Subdivision requirements are met. The City has jurisdiction over subdivision process i.e. Preliminary Infrastructure Plan, Preliminary Drainage Plan, Preliminary Plat, Final Drainage Plan, Public Improvement Plans, Public Improvement Plan Agreement, and the Final Plat. However, in section 5.01 the developer is asking to approve the site plan before any of the required steps are taken. If a Development Agreement is not in place Bastrop County would ordinarily be responsible for the site plan review/approval and any site development permits. Although this case, the City of Bastrop is also the utility provider, and this gives us the authority to review what is connected to our utility systems.

This is important because harmful prohibited discharges such as grease or any discharge with high biochemical oxygen demand (from a commercial use) could harm the wastewater system and impact all customers. The same can be said for the water system we have a responsibility to make sure all connections to the water system are correct and meet TCEQ regulations.

- Section 3.05 Additional Land Unsure if this complies with state law

The original agreement was open ended and allowed the Owner or future Owner to add additional land to the PID and the Project. I requested NEU Communities provided exhibits outlining the land the Owner proposed to add at a later date. However, this will require more in-depth review by our PID attorney to determine the feasibility of pre-approving land that was not defined in the public hearing notice.

- Article IV Land Use Sec. 4.01 Regulations Non-Compliant

NEU is requesting that the development within the Property should comply generally with Exhibit (B) “the concept plan”. The exhibit provided by NEU Communities does not comply with the master transportation plan; further, the proposed uses on the concept plan have caused the financial advisor and staff concern about the marketability of the product. This can all be defined in the Development Agreement. A more cohesive and orderly approach is recommended. For example: it would be more appropriate to depict commercial vs residential showing multi-family and what is allowed in each land use section. NEU has attempted remedy that by adding more detailed exhibits (Exhibits B-1 – B-8). Below is detail on each concept plan exhibit.

B-1 delineates the living units that will be > 1,000 sq. ft. per unit. I asked if the lots will be individually owned or one large lot with multiple units. The answer is both. The area depicted in B-1 will provide a mix of single family residential and multifamily larger lots. A better delineation of the MF vs SFR can be determined at the time of preliminary platting assuming we manage the site planning process. This also will determine the size and location of the utility easements.

B-2 delineates the living units that will be < 1,000 sq. ft. per unit. The product will be detached condo units that are blended into the forest. I asked again if the lots will be individually owned or one large lot with multiple units. The answer is large lots likely 15 acres or more. A better delineation of the lots can be determined at the time of preliminary platting (it is important to know the answers to this in the beginning because it will determine where the utility easements are required thus better defining the private and public realm).

B-3 depicts a 26-acre commercial lot known as commercial lot #1 (the current use shown is agricultural technology). At this point my suggestion is that the owner only demarcates commercial, residential, and multifamily. It will provide more flexibility and the type of commercial can be determined at the site planning stage of development. Again, this is why it is important for the site planning process to be regulated by the City).

B-4 depicts a 16-acre commercial lot known as commercial lot #2 (the current use shown is a drive in & sports venue) My suggestion at this point is the owner only demarcates commercial, residential, and multifamily. It will provide more flexibility and the type of commercial use can be determined at the site planning stage of development. Again, this is why it is important for the site planning process to be regulated by the City).

B-5 depicts a 13-acre commercial lot known as commercial lot # 3 (the current use shown is a school). My suggestion at this point is the owner only demarcates commercial, residential, and multifamily. It will provide more flexibility and the type of commercial can be determined at the site planning stage of development. Again, this is why it is important for the site planning process to be regulated by the City).

B-6 depicts a 26-acre commercial lot known as commercial lot # 4 (the current use shown is a resort/resort lagoon). My suggestion at this point is the owner only demarcates commercial, residential, and multifamily. It will provide more flexibility and the type of commercial can be determined at the site planning stage of development. Again, this is why it is important for the site planning process to be regulated by the City).

B-7 depicts a 13-acre commercial lot known as commercial lot # 5 (the current use shown is a 75,000 sq. ft. ground floor commercial use with a 75,000 sq. ft. second and third floor that will be used as hotel/corporate long term stay) My suggestion at this point is the owner only demarcates commercial, residential, and multifamily. It will provide more flexibility and the type of commercial can be determined at the site planning stage of development. Again, this is why it is important for the site planning process to be regulated by the City).

B-8 depicts a 75 -acre lot known as the Central Park Forest. The current use guises to be private park and open space. However, it has multiple commercial uses shown throughout the private park/open space. I thought B-8 was originally to be the center piece of this community and a geographically sensitive reason to provide a curvilinear grid network to protect the untouched forest. However, it is clear this will require more discussion with the developer as it appears to be another commercial lot with a great deal of trees. This Exhibit also calls out the lot size as 75-acres. However, the proposed parkland described in the Development Agreement is 50- acres. The idea of commercial uses in a public park is a very acceptable idea but if the land is not dedicated as public open space or parkland we will need to determine the use during the preliminary platting process.

- Section 4.02 Prohibited Uses. Compliant

Originally the Exhibit C provided a list of prohibited uses. This could be problematic for the City since we do not regulate land use as part of our zoning code and this would be inconsistent with the rest of the City if we were to annex this development. The solution is the owner will place the prohibited uses in the deed restrictions and the owner's association will manage the enforcement.

- Sec. 4.03 Condominium Plats. Non-compliant

The owner is requesting the use of condominium plant and condominium regimes for this project. This is reasonable as long as the City issues the building permit and the Building Official can review the plans to ensure all required life safety elements of the adopted building codes are followed. This should not slow down the permitting process as the owner states the product meets a more vigorous code than the City of Bastrop currently has adopted. The developer has asked that the City limit its authority to issue permits.

- Article V. Section 5.01 Development Standards and Waivers. Non-compliant (more information required)

“The Owner request is the project shall be developed consistent with the Applicable City Code, as modified by the Development Waivers identified in Exhibit ‘F’. The City acknowledges and agrees that the Project may contain a combination of various types of vertical improvements including (i) modular and/or pre-fabricated structures and (ii) traditional brick and mortar structures.”

My assessment is this can be challenging for a multitude of reasons, the first being there is no applicable code because the project is within the ETJ. The code needs to be defined in the Development Agreement. Second, the language is so loosely written in regard to the vertical improvements, the lot standards (there are none) and how the private realm interacts with the public realm. If this Agreement was approved without some requirements affecting how the private realm is defined future land owners could build/install a less valuable product. After studying what the developer is proposing for this project it appears could narrow the land use to two options, the NEU product or an RV Park. If you review exhibits it depicts several large lots with multiple buildings with only private access. If the City utilities install water and sewer connections to each building site, we are essentially providing utilities to a concrete pad that any product can be placed.

This is why the City’s FA has concerns from a financial risk standpoint. The City of Bastrop spent a considerable amount of time defining how the public and the private realm interact, and we know it works because it has for 187 years here in Bastrop. The Bastrop Building Block Code, as you know, allows the City to be extremely flexible on private property because interaction between the private and public realm has been defined. Lastly Exhibit (F) states the extent of the tree survey will be determined between the owner and the City. I would prefer we just define it now and save time in the future. This is important because we have no tree replacement standards in the County and if a new Owner with a new concept purchases the property we have lost all our jurisdictional authority until we annex.

- Section 5.02 Amendments. (Additional information needed)

This section determines what constitutes a major and a minor improvement and how it relates to the preliminary platting and vesting rights. We are close on this section and it will just require a little more detail to prevent future confusion if there is a change in ownership or City staff.

- Section 5.04 Parks, Trails, and Open Space dedication (Additional info needed)

This section conflicts with Exhibit B-8 that depicts 75 acres of parkland while this section guarantees 50 acres of parkland and/or open space within the project. The concerns I see with this section is it refers to Exhibit B-8 is that it has multiple commercial uses shown throughout the private park/open space. This is simply another commercial lot that has a lot of green space. In order to fix that we can do this at the time of platting or place a public access easement on the open space to prevent additional buildings from being built. This section also states the owner or owner's association will maintain the parkland until the PID debit is paid off. What happens then? Does it transfer to the HOA? Does the City appointed LGC Board manage? We just need to make these decisions upfront.

- Section 5.06 Building Permits. Non-compliant with TCEQ regulations.

NEU wishes to have the County issue building permits. This is problematic because the County does not inspect the buildings nor are they staffed to do so. The County also does not issue building permits. The end user (a possible citizen) is a utility customer who is connecting to City Utilities and therefore has certain inspection requirements to keep us in compliance with TCEQ Regulations (for example: backflow prevention testing). The building permit process should not be cumbersome for this project, but it is important. This is the mechanism we use to track inspections for life safety, make sure you do not build in a flood area, and it determines your utility point of connection.

- Article VI. Water and wastewater (Additional Info needed)

There is a great deal of work still here, to say the least. Instead of providing a concern on each section of Article VI, I will just point out a few large issues that could take at minimum 6-8 months to work through.

- NEU would like to construct a small plant the uses the City of Bastrop existing permit capacity, it will have a direct reuse component that uses the City of Bastrop's current type II reuse permit (can be used to irrigate).
- NEU is proposing to divide this tract into several lots however the road network is private. This means we will need more detail so we understand how the lots will be served. Easements can be used to serve property and be overlaid on the roadways however this is not ideal because we are not the only utility provider that will be present. This becomes problematic when it comes to maintenance, repair, and management of the ROW.
- NEU is requesting 2,111 water and wastewater LUE's and is only willing to pre-pay for 250. This Agreement asks the utility to have available capacity for the whole 2,111. I can't in good conscience put the utility at that kind of risk. The cost of requiring the City to invest in capacity and wait for the developer to pay us back isn't good business.

Article VII Preliminary Plat and Subsequent Processes & Procedures. Non-compliant

The request from NEU is to have the City or County approve a site plan prior to the Infrastructure Plan, Preliminary Drainage Plan, Preliminary Plat, Final Drainage Plan, Public Improvement Plans, and Final Plat. This is problematic because, the Site Plan is the last step in the City's development process because as part of the Site Plan requirements you need access to utilities to make a structure habitable. They are asking for the County to be the approval authority rather than the City. This is problematic because we have no building review authority in the ETJ if it is not written into the Agreement.

That being said, we could run several processes concurrently to provide expedited service. However, it would require a waiver to HB 3167. The City's development process assumes the Final Plat has been approved before site planning can be approved.

Below is the standard development step in the process and the steps can be expedited by running things concurrently but not completely removed. Our process puts drainage first. As you are all aware after multiple devastating flood events in 2015-2016 this community made drainage review a priority. That lead to rewriting all of our processes and drainage regulations. NEU wants Site Plan approval before the public improvements are constructed. I suggest we review the site plan but have approval contingent upon the approval the predecessor documents.

- Preliminary Infrastructure Plan
- Preliminary Drainage Plan
- Preliminary Plat – phasing is encouraged
- Final Drainage Plan
- Public Improvement Plans
- Public Improvement Plan Agreement
- Final Plat
- Site Development Plan
- Building Permits

In an effort to limit the length of this memo, I have listed below the remaining sections that require more review/information.

- Transportation
 - The roads proposed in Exhibit G-1 do not follow the Master Transportation Plan.
 - The street cross-sections are narrower than required in the Subdivision code (if the area were to redevelop additional ROW may be required).
 - How will services such as school buses, trash pick-ups and fire access be handled if 90% of the roads are private.

- Annexation
 - The City has requested the ability to annex whenever it determines it is financially feasible. The developer's request is that the City wait until full build out of the commercial sections. This is questionable due to the loosely defined commercial areas. This developer is also asking the City of Bastrop to put its good reputation on the line for a PID that is not recommended by the City's Finance Advisor.
